

DRINKING WATER

Region	Coverage in 1990 (%)	Coverage in 2002 (%)	Projected coverage in 2015 (%)	MDG attained target (%)	Population served and unserved in 2002 (thousands)		Projected population served and unserved in 2015 (thousands)		Annual increase in people served 1990-2002 (thousands)	Annual increase needed in people served 2002-2015 to reach the MDG drinking water target (thousands)
					Served	Unserved	Served	Unserved		
World	77	83	90	89	5,150,169	1,074,706	6,442,043	755,208	91,163	99,375
Developed countries	100	98	96	100	978,159	14,896	997,505	41,563	ID	ID
Eurasia	92	93	94	96	260,965	20,005	257,217	16,418	ID	ID
Developing regions	71	79	88	86	3,911,045	1,039,805	5,187,321	697,227	86,345	98,175

A red painted pump means "don't drink this water".

MEETING THE MDG DRINKING WATER AND SANITATION TARGET—WHAT INCREASE IS NEEDED?

Touching the water spout tap with hands should be avoided to help curb the spread of bacteria and diseases

SANITATION

Region	Coverage in 1990 (%)	Coverage in 2002 (%)	Projected coverage in 2015 (%)	MDG attained target (%)	Population served and unserved in 2002 (thousands)		Projected population served and unserved in 2015 (thousands)		Annual increase in people served 1990-2002 (thousands)	Annual increase needed in people served 2002-2015 to reach the MDG sanitation water target (thousands)
					Served	Unserved	Served	Unserved		
World	49	58	68	75	3,606,595	2,618,280	4,918,571	2,278,680	87,164	137,796
Developed countries	100	98	96	100	973,194	19,861	997,505	41,563	ID	ID
