Keynote, United Nations Stakeholder Group on Ageing  
2019 High Level Political Forum  
United Nations, New York City, July 9, 2019

**Everyone is old  
or future old.**

**Ending ageism  
is not a line item.  
It is foundational.**

**The notion that  
education is for the young  
is obsolete.**

**Discrimination keeps  
older people from working  
and being able to support  
themselves.**

**More years without health,  
or more healthy years?**

**As sexism is to  
gender equality,  
ageism is to  
age equality.**

**Aging is inevitable.  
Ageism is not.**
