

A New Team Member: What Role Can Sport Play in Driving Better Data, Better Lives?

Side Event at the 51st Session of the United Nations Statistical Commission

Wednesday 4 March 2020, 1.15 – 2:30 pm
United Nations Secretariat, 27th Floor, Room S-2725

- How can advances in sport statistics, fitness and wearable technology contribute to better data and better lives?
- How can the official statistics system support sport, health and fitness stakeholders to better measure and enhance the contribution of the sector to sustainable development?
