

## Including people with disabilities in the UN development agenda

Reception event with VIP speakers and music

6-8pm 25th September 2013, UN Headquarters

The International Disability Alliance (IDA), the International Disability and Development Consortium (IDDC) and the Permanent Mission of Norway to the United Nations invite you to attend a reception on Wednesday 25th September at the UN Headquarters, Fourth Floor South Dining Room.

When world leaders discuss the post-2015 development framework on 25th September 2013, it is vital they recognise that any framework which is to be effective in tackling inequality and chronic poverty must ensure the inclusion of people with disabilities.

The UN High Level Panel Report on the Post-2015 Development Agenda, calls on the world to 'leave no one behind'. This marked a critical landmark in IDA and IDDC's campaign.

Now IDA and IDDC want to make sure that the UN follows through on this promising start.

IDA and IDDC would be delighted if you were able to join them to hear high-profile figures discuss disability and development and support the most important moment in promoting the rights and participation of persons with disabilities in the last fifty years.

Numbers are limited, so please confirm if you are able to attend.
