Thank you Mr Chair,

I'd like, first, to align my delegation to the statement made by Fiji on behalf of G77 and China and Egypt on behalf of the Arab Group. We fully support as well the statement made by Palestine and share the same concern regarding the specific paragraph related to foreign occupation, we believe that the current paragraph has not taken into consideration the specific situation and vulnerabilities of people who migrated due to foreign occupation. We have wished to adopt a more comprehensive text by amending the word “under” by “due to” in this paragraph.

Thank you.
