

## HIGH LEVEL “STOCK-TAKING” EVENT ON THE POST-2015 DEVELOPMENT AGENDA

Trusteeship Council Chamber, 8 and 9 September 2014

### Background

Concerted efforts to design the post-2015 development agenda have been under preparation since the United Nations Conference on Sustainable Development (Rio+20), held in Rio de Janeiro, Brazil, in June 2012, where Member States tasked a 30-member Open Working Group (OWG) of the General Assembly with preparing a proposal on a set of sustainable development goals (SDGs). The outcome document of the Rio+20 Conference “The Future We Want” also recognized the need for significant mobilization of resources from a variety of sources and subsequently set up an Intergovernmental Committee of 30 Experts on Sustainable Development Financing to prepare a report proposing options on an effective sustainable development financing strategy to facilitate the mobilization of resources and their effective use in achieving sustainable development objectives. Both groups are expected to submit their reports in September 2014. Member States in Rio also requested the relevant United Nations agencies to identify options for a facilitation mechanism that promotes the development, transfer and dissemination of clean and environmentally sound technologies.

Additionally, during his acceptance speech in June 2013, the President of the 68<sup>th</sup> session of the General Assembly announced that the theme for the 68<sup>th</sup> session would be: “The Post-2015 Development Agenda: Setting the Stage.” This theme has been operationalized throughout the current session through three (3) high-level events on: “Contributions of women, the young and civil society to the post-2015 Development Agenda”; “The Contributions of North-South, South-South, Triangular Cooperation, and ICT for Development to the implementation of the post-2015 Development Agenda” and “The Contributions of Human Rights and the Rule of Law to the post-2015 Development Agenda;” and three (3) thematic debates on: “Water, sanitation and sustainable energy in the post-2015 Development Agenda”; “The role of partnerships in the implementation of the post-2015 Development Agenda”; “Ensuring stable and peaceful societies in the post-2015 development framework”, an interactive dialogue on “Elements for an Accountability Framework for the Post-2015 Development Agenda”, and an interactive briefing with civil society.

In preparation for the negotiation phase of the post-2015 development agenda during the 69<sup>th</sup> session, the President of the General Assembly is convening a High-Level Stock-taking Event to reflect upon the various post-2015 development-related processes which have occurred during the current session of the General Assembly with a view to providing Member States and other stakeholders with an opportunity to identify possible inputs to the synthesis report of the Secretary-General, to the work of the 69<sup>th</sup> session of the General Assembly, and to the elaboration of the post-2015 development agenda itself.
