

Rural development (Government focal point: Ministry of Agriculture)

1. Improved access for producers to local markets (for example, farm to market roads).

Under the Agricultural Agreement there are schemes for improving local farmers' markets.

2. Improved access to reliable and affordable energy services and to modern biomass technologies and fuelwood sources; commercialization of biomass operations in rural areas.

There is a bioenergy programme under the Agricultural Agreement.

3. Enhancement of sustainable tourism development.

Agri-tourism programme under the Agricultural Agreement.

4. Capacity building for small and medium-sized enterprises.

The food programme under the Agricultural Agreement focuses on small enterprises.
