

Liechtenstein's Proposals to the Doha Draft Outcome Document

Addressing systemic issues; enhancing the coherence and consistency of the international monetary, financial and trading systems in support of development

As made in Meeting of 23 October 2008:

48. The globalization process has continued to accelerate, bringing closer economic links coupled with significant economic benefits to many countries and peoples. However, this process is leaving behind a considerable number of countries, **communities** as well as individuals. This implies new challenges and demands on the global economic institutions and their coherence and governance systems.
