A robust and credible process of follow-up is critical to continued progress in the Financing for Development process. We acknowledge the need to consider and set up, as appropriate, a more effective **[DELETE: intergovernmental]** structure to carry out this task with the support of the Financing for Development Office, taking into account various proposals that have been put forward in this regard. We request the Economic and Social Council to consider these proposals in depth at its 2009 spring High-level meeting with the international financial and trade institutions, with a view to making appropriate and timely recommendations for final action by the General Assembly.
