

# 2017 GLOBAL INFRASTRUCTURE FORUM

Delivering Inclusive and Sustainable Infrastructure

SAVE THE  
DATE!

**WHEN** Saturday 22 April 2017

**WHERE** Inter-American Development Bank  
1330 New York Avenue NW, Washington DC 20577

**THEME** The 2017 GI-Forum will focus on the delivery of sustainable infrastructure in the face of many challenges, including climate change. This year's forum will build on the 1st GI-Forum which was established as part of the Addis Ababa Action Agenda on SDGs. Its goal is to bridge the 'infrastructure gap' by improving alignment and coordination among MDBs and their partners in order to facilitate the implementation of sustainable, accessible and resilient infrastructure for developing countries.

**FOR WHOM** Delegates from Governments; Ministries of Finance and Infrastructure; MDBs; Public Entities such as National Development bodies and Agencies involved in policy, financing and advising on infrastructure development; UN agencies; OECD; Civil Society and representative private sector bodies.

A formal invitation, along with a more detailed agenda and registration form, will be sent to you shortly.
