UNFF’s “Independent Assessment of the International Arrangement on Forests”

I. Background

1. According to the multi-year programme adopted in 2007, the overall theme of the eleventh session of the United Nations Forum on Forests (UNFF11) in 2015 will be “Forests: progress, challenges and the way forward for the international arrangement on forests”. At this session, the Forum will convene a high-level segment to review the effectiveness of the international arrangement on forests (IAF).

2. In preparation for the review of the IAF at UNFF11 in 2015 and as a part of intersessional activities on this matter leading up to UNFF11, Member States through Resolution 2 of UNFF10 decided to conduct an “Independent Assessment of the IAF”.1

3. The present text includes the scope and framework for the Independent Assessment of the IAF (see annex), its objectives, the deliverables, timelines and a substantive context for the consultants who will carry out this work. This text is developed and finalized by the UNFF secretariat, in consultation with the UNFF11 Bureau, in response to paragraph (b) (ii) (2) of Annex to Resolution 2 of UNFF10.

II. Elements of the review of the IAF

4. Based on the resolutions E/2000/35, E/2007/42, E/2006/49, and resolution 2 of UNFF10, the review of the effectiveness of the IAF should include the review of the following:

   a) Consideration of a full range of options, including a legally binding instrument on all types of forests, strengthening of the current arrangement, continuation of the current arrangement and other options;2

III. Objectives of the Independent Assessment of the IAF

5. The IAF is an informal title given to the actors which constitute the UNFF’s “membership”. The first and primary are Member States and countries who are members of the Forum; acting individually and working together as the Forum. The second component is the UNFF Secretariat. The third is the voluntary partnership of the CPF and other relevant IGOs in contributing to the work of the UNFF individually and collectively, including implementation of the Resolutions of the Forum. The fourth are regional organizations and their processes, and Major Groups who take part in the Forum’s sessions.

6. The centrepiece of the IAF is to promote conservation and sustainable management of all types of forests through implementation of the forest instrument and achievement of its four shared global objectives on forests and subsequent Resolutions of the Forum, as well as the contribution of forests to the internationally agreed development goals including the Millennium Development Goals (MDGs). The primary focus is on implementation of policies in these areas.

7. The objective of the Independent Assessment of the IAF is to assist and inform the AHEG on the IAF in preparing for UNFF11. The assessment will analyze the achievements, relevance, efficiency and effectiveness of the IAF since 2000. It will assess the impact of UNFF’s work and the sustainability of actions and make recommendations to AHEG for a future arrangement.

IV. Working Modalities

8. To conduct the Independent Assessment of the IAF, the UNFF11 Bureau will identify a list of experts, taking into consideration competencies, including evaluation methodology expertise, as well as regional balance. The UNFF Secretariat will hire five independent experts (consultants) from the longer list of candidates which is provided by the UNFF11 Bureau. The consultants will be hired on an individual basis. However, each of the consultants shall write a report from the perspective of their regions focused on the components of the Independent Assessment of the IAF, as outlined in these ToRs and in particular, in section V of these ToRs.

9. In addition, the Bureau of UNFF11 will appoint two Co-Facilitators, one from the North and one from the South, to act on its behalf to facilitate the consultants in their submission of a single consolidated report to the AHEGs on the IAF. The Co-Facilitators will facilitate the

To this end, the Co-Facilitators will convene a first meeting with the consultants immediately following their appointments, and between the meetings of the AHEGs on the IAF to develop the consolidated output to AHEG2 on the IAF.

ECOSOC Resolution 2000/35

2. The ECOSOC, in its resolution 2000/35, laid the foundation for the IAF, including establishing the United Nations Forum on Forests as an intergovernmental body on sustainable forest management within the United Nations. The Forum addresses forests and trees outside of forests and issues which impacts on forests. The Forum has the following principal functions:

(c) To provide a coherent, transparent and participatory global framework for policy implementation, coordination and development;

(d) To provide a forum for continued policy development among Governments, international organizations and other interested parties to foster a common understanding on sustainable forest management and to address forest-related issues and emerging areas of priority concern in a holistic, comprehensive and integrated manner;

(e) To enhance cooperation as well as policy and programme coordination on forest-related issues among relevant international and regional organizations, institutions and instruments, as well as to contribute to synergies among them, including coordination among donors;

(f) To foster international cooperation, including North-South and public-private partnerships, as well as cross-sectoral cooperation at the national, regional and global levels;

(a) To enhance the contribution of forests to the achievement of the internationally agreed development goals, including the MDGs, in particular with respect to poverty eradication and environmental sustainability; and to the implementation of the Plan of Implementation of the World Summit on Sustainable Development, bearing in
mind the Monterrey Consensus of the International Conference on Financing for Development;

(b) To encourage and assist countries to maintain and improve their forest resources with a view to enhancing the benefits of forests to meet present and future needs, in particular the needs of indigenous peoples and local communities whose livelihoods depend on forests;

(c) To strengthen interaction with relevant regional and sub-regional forest-related mechanisms, institutions and instruments, organizations and processes, to facilitate enhanced cooperation and effective implementation of sustainable forest management.

ECOSOC Resolution 2007/42

4. Through Resolution 2007/42, the Council adopted the forest instrument and agreed with the Forum’s recommended multi-year programme of work (MYPOW) for the period 2007-2015. According to the MYPOW, the overall theme of UNFF11 in 2015 will be “Forests: Progress, Challenges and the Way Forward for the International Arrangement on Forests”. At UNFF11 the Forum will convene a high-level segment to review the effectiveness of the IAF.

Resolution 2 of UNFF10

5. Taking into account the above-mentioned ECOSOC resolutions and the MYPOW, Member States, through Resolution 2 of UNFF10, further elaborated the elements of the review of the effectiveness of the IAF and designed a road map for intersessional activities on this matter, leading up to UNFF11.
