## Call for Registration

### **Contributions of Forests to a Green Economy A Country-Led Initiative in support of UNFF, 04 – 07 October in Bonn, Germany**

Dear Sir or Madam,

Thank you for the positive feedback on our conference announcement. As promised, we are herewith sending you further information, including the registration form. Please fill it in and return it promptly to ensure your participation. The conference has limited capacity and registrations will be accepted on a first-come first-serve basis.

Attached you will find a tentative conference program. We are pleased to announce that Brazil accepted the invitation to co-chair this event. As keynote speakers we were able to win Ms Sunita Narain, Director General of the Centre for Science and Environment (CSE), Director of the Society for Environmental Communications and publisher of the fortnightly magazine, Down To Earth, as well as Professor Sten Nilsson, former Director of the International Institute for Applied Systems Analysis (IIASA) and renowned forestry expert.

We will soon send you the link to the conference website, where you will find regularly updated information on further keynote speakers, the conference programme and other topics.

We are looking forward to receiving your registrations and a successful conference.

Sincerely yours,

Heiko Warnken  
Head of Division  
Federal Ministry for Economic  
Cooperation and Development

Matthias Schwoerer  
Head of Division  
Federal Ministry of Food,  
Agriculture and Consumer Protection
