

CATALOGUE OF ITTO POLICY ACTIVITIES, PROJECTS AND PRE-PROJECTS SUPPORTIVE OF THE INTERGOVERNMENTAL PANEL ON FORESTS/INTERGOVERNMENTAL FORUM ON FORESTS (IPF/IFF) PROPOSALS FOR ACTION

In preparation for the review of the effectiveness of the international arrangement on forests (IAF) to be conducted by the United Nations Forum on Forests (UNFF) at its Fifth Session scheduled to be held at the United Nations Headquarters, New York from 16 to 27 May 2005, member states and member organizations of the Collaborative Partnership on Forests (CPF) including ITTO have been invited by the UNFF Secretariat to submit, *inter alia* their reports on the implementation of the IPF/IFF proposals for action. To facilitate the preparation of the reports, the UNFF Secretariat has formulated guidelines including a suggested reported format to serve as a basis for reporting on the implementation of the IPF/IFF proposals for action. However, the reporting guidelines are targeted mainly at country implementation by member states.

For member organizations of the CPF including ITTO, the reporting on the implementation of the IPF/IFF proposals for action will be undertaken primarily through the CPF Framework which describes the Partnership's collaborative initiatives including, in particular, the implementation of the IPF/IFF proposals for action. ITTO has been contributing its inputs to the CPF Framework from 2002 to 2004 and will be making its contribution to the preparation of the CPF Framework 2005.

In addition to the above, the following Catalogue of ITTO Policy Activities, Projects and Pre-projects supportive of the IPF/IFF Proposals for Action has been compiled as an update to the Catalogue of Existing ITTO Policy Initiatives and Projects Supportive of the IPF Proposals for Action prepared under cover of document ITTC(XXVI)/12 dated 16 February 1999 and considered by the International Tropical Timber Council at its Twenty-sixth Session held in Chiang Mai, Thailand from 28 May to 3 June 1999.

Since the proposals for action were initiated in 1997, this Catalogue contains a list of ITTO policy activities, projects and pre-projects implemented by ITTO and its member countries as of the year 1997. However, some important ITTO policy activities that have been conceived earlier than 1997 which are still on-going and relevant in the context of the implementation of the IPF/IFF proposals for action have been included in the Catalogue.

Each of the ITTO policy activities, projects and pre-projects are assessed in terms of their relevance and supportiveness to each of the elements for the implementation of the IPF/IFF proposals for action under the UNFF Plan of Action as follows:

Second Session of the UNFF

- a - combating deforestation and forest degradation
- b - forest conservation and protection of unique types of forests and fragile ecosystems
- c - rehabilitation and conservation strategies for countries with low forest cover
- d - rehabilitation and restoration of degraded lands and promotion of natural and planted forests

Third Session of the UNFF

- e - economic aspects of forests
- f - forest health and productivity
- g - maintaining forest cover to meet present and future needs

Fourth Session of the UNFF

- h - social and cultural aspects of forests
- i - traditional forest related knowledge (TFRK)
- j - scientific forest related knowledge (SFRK)
- k - monitoring, assessment and reporting, and concepts, terminology and definition
- l - criteria and indicators (C&I) of sustainable forest management (SFM)

Means of Implementation

- m - financial resources
- n - capacity-building, transfer of environmentally-sound technology

Common Items

- o - national forest programmes
- p - promoting public participation
- q - trade

Altogether, the Catalogue comprises 75 ITTO policy activities and 390 ITTO projects and pre-projects costing US\$271,388,634.58. Each of these activities, projects and pre-projects are found to be relevant and supportive in respect of more than one of the elements under which the IPF/IFF proposals for action are contained. This is indicative of the high level of relevance of the ITTO policy activities, projects and pre-projects implemented by ITTO and its member countries in the context of the effective implementation of the IPF/IFF proposals for action.
