Template for inputs on proposals for financing sustainable forest management

Deadline for submission: 31 December 2008

Send to the UNFF Secretariat unff@un.org or fax +1- 917-367-3186

[Indigenous People]

The UNFF Ad Hoc Expert Group meeting to “Develop Proposals for the Development of a Voluntary Global Financial Mechanism/Portfolio Approach/Forest Financing Framework” held from 10 -14 November 2008, in Vienna, Austria, was convened per ECOSOC resolution 2007/40, to develop proposals for consideration at Eighth session of the United Nations Forum on Forests (20 April - 1 May 2009, UNHQ, New York).

Experts at the Ad Hoc Expert Group voiced their support for two key proposals: a) creation of a distinct fund dedicated or earmarked for implementation of sustainable forest management; and b) development of a facilitative mechanism to help mobilize existing and emerging funds for sustainable forest management¹. To help elaborate these two concepts, experts recommended that Members States and major groups be requested to provide written contributions on their views regarding these two proposals.

Please use the following questions to provide the views of your Member State or Major Group (please only submit one response per Member State or Major Group organization.) A detailed response to these questions would be appreciated. We request you to limit your submission to a **maximum of 5 pages**.

1. Drawing from the AHEG’s formulation², does your Member State or major group have a preference for either a dedicated global forest fund or a facilitative mechanism for sustainable forest management funding? Is the preferred option (select one):

- a. **Dedicated global forest fund**
- b. **Facilitative mechanism**
- c. **Both**
- d. **Other mechanism (please specify) _____**

Both mechanism are good as long as bring benefit for the sustainable forest management and also benefit for Indigenous Peoples and other forests dependent peoples.

2. What do you consider to be the essential elements for the preferred option? (select as many as relevant):

- a. **Scope and structure**
- b. **Governance and management**
- c. **Sources of financial resources**
- d. **Types of activities covered**
- e. **Accountability, monitoring and evaluation mechanisms**
- f. **Any other elements?**

Additional element:

¹ Para 64-73 of Chair’s summary report of ad hoc expert group to Develop Proposals for the Development of a Voluntary Global Financial Mechanism/Portfolio Approach/Forest Financing Framework

² It was generally accepted at the AHEG that the portfolio approach (described as the large variety of financing needs for sustainable forest management being met from a variety of sources) already existed, provided many benefits, and should continue in the future. (Para 60 of the Chair’s summary report)

f. Direct/Easy access to the fund/credit by Indigenous Peoples and local communities (Proposal by Indigenous Peoples / CLI Suriname report page 26 last bullet point.

3. How would your preferred option be linked to with other forest funding sources and mechanisms e.g. the Collaborative Partnership on Forests (CPF)?

The emerging World Bank Forest Investment Program (FIP) holds great potential to mobilize significant new funding for forest finance. Country and stakeholders should actively engage in the FIP design process ongoing in 2008-2009 (CLI-Suriname report)

4. What challenges would be resolved with the creation of either of the preferred option?

For Indigenous Peoples, there are many challenges:

- Indigenous Peoples participation in the UNFF continues to be limited.
- Many UNFF policy and decisions are not consistence with human rights and not take into account the United Nations Declaration on Rights of Indigenous Peoples (UNDRIP' s)
- Indigenous Peoples and Local Communities have no access to the International Funding on Forests

5. What other existing and emerging sources of financing and mechanisms could be utilized to implement sustainable forest management, the four Global Objectives on Forests and the Non-Legally Binding Instrument on All Types of Forests (NLBI)?

- World Bank FIP
- UNFCC REDD
- UNFCCC carbon Trade
- CBD Protected Areas

6. Any other views and suggestions?

- UNFF must take a leading role of the forests discussions and plans at national,regional and international level.
- Improve the relation with the secretariat of the CBD,UNFCCC, UNCCD and others
