Recommendations of the Permanent Forum on Indigenous Issues

Recommendations to the bodies and organizations of the United Nations system and Member States

87. The Permanent Forum recommends that United Nations organizations, funds and programmes, in particular the United Nations Development Programme (UNDP), prepare a special report for the Conference on the realization of the rights of indigenous peoples, the objectives of the Second International Decade of the World's Indigenous People, the Millennium Development Goals and the United Nations development agenda beyond 2015. It also recommends that the report contain disaggregated statistics in relation to indigenous women, youth and children and address associated thematic issues such as economic sustainability and youth employment.
