Mirka della Cava

Mirka della Cava is the Development Coordinator for the Collaborative Appliance Labeling and Standards Program (CLASP). She has worked on a number of climate change related activities including: USAID's Energy Efficiency Project, the US Country Studies Project, and DOE's US Initiative on Joint Implementation. She previously worked at the U.S. Environmental Protection Agency's Global Change Division promoting voluntary energy efficiency programs such as Green Lights and Energy Star.

Mirka holds a BA in Political Science from Duke University and a Masters in International Affairs from Columbia University. She is fluent in Italian and French and has a working knowledge of Portuguese and Ukrainian.
