OVERVIEW

By the decision of CSD-11, the Policy Session of CSD in the two-year implementation cycle will take policy decisions on practical measures and options to expedite implementation in the relevant thematic areas. CSD-15, a Policy Session, will be held at the United Nations Headquarters in New York from 30 April to 11 May 2007. CSD-15 was preceded by an Intergovernmental Preparatory Meeting (IPM), held from 26 February – 2 March 2007. The IPM held interactive thematic discussions on policy options and possible actions to address obstacles and constraints identified during the review session. Based on these interactive discussions, the Chairman prepared a draft negotiating document.

Organization of Work

The organization of work for CSD-15 can be divided into four parts:

- Part 1 (30 April): Opening; Interactive discussions with Major Groups; and Regional Perspectives discussions;
- Part 2 (1-2 May): Comments and discussions on the Chairman's draft negotiating document, addressing priority policy options and possible actions to expedite implementation;
- Part 3 (3-8 May): Negotiations on policy decisions, based on the Chairman's revised draft negotiating document, taking into account comments and discussions of 1-2 May;
- Part 4 (9-11 May): High-Level Segment. Ministers will be invited to discuss the way forward in ensuring that the agreed policy decisions are implemented, based on the topic of "*Turning Commitments into Action, Working together in Partnership*", and to adopt the report of CSD-15.

Also during the High-level Segment, there will be two ministerial Roundtables, one focusing on energy for sustainable development and industrial development, the other air pollution and climate change. The Roundtables will provide further opportunities for thematic discussions among Ministers, focusing on how to expedite implementation. The Roundtable discussions will be informal and there will be no delivery of official statements. Interventions will be limited to 2 minutes to encourage interactive discussions.

Major Groups

During the course of CSD-15, representatives of the nine Major Groups will make their contributions through the following entry points:

- On 30 April, there will be an interactive discussion with Major Groups regarding their own proposals on practical measures and actions relevant to the thematic cluster of issues;
- On 10 May, Major Groups will outline their own aspirations and priorities for action in the course of an interactive discussion with Ministers;
- On 11 May, Major Groups will make closing remarks on how they will support the implementation of CSD-15 policy decisions;
- In keeping with the practice established since CSD-11, Major Groups may be given opportunities to speak throughout interactive discussions as time permits.

Partnerships Fair

The CSD-15 Partnerships Fair programme of activities will feature:

- **Partnerships in Practice Interactive Discussions;** and
- **Partnerships Information Desks.**

More detailed information about Partnerships Fair activities during CSD-15 will be made available on the CSD Partnerships website (<http://www.un.org/esa/sustdev/partnerships/partnerships.htm>).

Learning Centre

A Learning Centre is part of the official CSD-15 programme of activities and will be scheduled from 30 April to 11 May.

Side Events

Side events, sponsored by Governments, IGOs and UN agencies, and Major Groups, will be organized as a complementary part of CSD-15 to generate informal opportunities for exchange of information, experience, lessons learned and best practices. Sponsors of side events are encouraged to organize their presentations around policy options and possible actions to expedite implementation in the four thematic areas.

Matrix

The Matrix is an information tool developed by the Secretariat. It aims to provide user-friendly information on practical experiences in implementation in the four thematic areas. It is based on information submitted by Governments, including through national reports; and by UN agencies and Major Groups. It takes into account information contained in Secretary-General's reports and Partnerships for Sustainable Development registered with the CSD Secretariat, as well as information emerging from the regional implementation meetings.

The Chairman encourages the Secretariat to continue updating the Matrix, bearing in mind that the Matrix is not an official document of CSD-15. In this context, the Chairman invites all stakeholders to contribute more case studies and provide additional inputs to the Matrix to the Secretariat so as to enable the Secretariat to continue its work on the Matrix.

**FIFTEENTH SESSION OF THE COMMISSION ON SUSTAINABLE DEVELOPMENT:
ANNOTATIONS**

To be read in conjunction with Table 1

Monday, 30 April 2007

The Purpose of Day 1 is to:

1. Elect the **CSD-15 Bureau** and adopt the agenda and organization of work for the meeting;
2. Present outcomes of relevant inter-sessional meetings;
3. Introduce the **Chairman's document** from the Intergovernmental Preparatory Meeting;
4. Organize interactive discussions with Major Groups; and
5. Organize discussions on **regional perspectives**, addressing the policy options and possible actions contained in the Chairman's IPM document.

10:00am – 1:00pm

Conference Room 4 (Plenary Session)

CSD-15 will open in plenary on the morning of 30 April 2007. It will start with the election of officials and adoption of the agenda and organization of work. The Chairman will deliver an opening statement; the Under-Secretary-General of UN-DESA will be invited to make opening remarks.

The outcomes of events and activities organized during the inter-sessional period will be presented. The presentations will be a maximum of five minutes in duration, relate directly to practical measures and options, and include

- Sixth Meeting of the Global Forum on Sustainable Energy "Africa is Energizing Itself" (29 November - 1 December 2006, Vienna, Austria)
- TICAD Ministerial Conference on Energy and Environment for Sustainable Development (Nairobi, 22-23 March 2007)
- Partnership for Sustainable Development: Oslo Conference on Good Governance and Social and Environmental Responsibility (Oslo, 28-30 March 2007)
- Ministerial Conference under the German Presidency of the EU - Renewable Energy and Energy Efficiency: Innovative Policies and Financing Instruments for the EU's Southern and Eastern neighbors (Berlin, 19 April 2007)

Following the presentations of inter-sessional events, the Chairman of CSD-15 will introduce his document tabled at the conclusion of the Intergovernmental Preparatory Meeting. Delegations will be invited to make brief opening remarks, if necessary.

After opening remarks by delegations, there will be an interactive discussion session with Major Groups. A representative of each Major Group will be invited to outline his or her groups' views on practical measures and options relevant to the four thematic issues. This session will encompass three "blocks" of time, each comprised of three Major Group presentations followed by approximately ten minutes of interactive discussions.
