<p>Main objectives of the Partnership/Initiative</p> <p>Please provide a brief description: <i>At Okinawa G8 Summit in July 2000, Japanese Government launched “Okinawa Infectious Disease Initiative”. Following this commitment, JICA is now implementing TB Control projects in Cambodia, Nepal, Philippines, Yemen, Zambia, and preparing in Afghanistan, Indonesia, Myanmar, and Pakistan. The objective of this proposed network is to share the knowledge and experience obtained from Japanese cooperation with other relevant countries.</i></p> <p>Please also provide a brief description of the relationship of the Partnership/Initiative with the objectives of Agenda 21 as well as relevant goals and objectives of the United Nation Millennium Declaration: <i>It is directly linked to the objective No.6 of MDGs (Combat HIV/AIDS, malaria and other major diseases).</i></p> <p>Expected results: Please provide a brief description: <i>Reduce the infection/mortality rate of TB in developing countries.</i></p>
<p>Specific targets of the Partnership/Initiative and timeframe for their achievement:</p>

<p><i>Sharing Japan's experience for the past half century and planning, execution and dissemination of DOTS as the most efficient and effective intervention package for TB control</i></p>
<p>Coordination and Implementation mechanism Please provide a brief description of expected coordination/implementation mechanism of the Partnership/Initiative. <i>To be consulted with future partners.</i></p>
<p>Arrangements for funding Please describe available and/or expected sources of funding for the implementation of the Partnership/Initiative (e.g. donor government(s); international organization(s)/financial institution(s); foundation(s); private sector; other major groups, etc.) <i>JICA can support the South-South cooperation efforts for this proposed network.</i> <i>Contribution by partner countries/institutions to be required.</i></p>
<p>Arrangements for capacity building and technology transfer Please include information if the Partnership/Initiative provides for training, informational support, institutional strengthening and/or other capacity building measures: <i>Seminars and Training Courses would be organized by developing countries benefiting from Japanese cooperation. JICA can support it.</i></p> <p>Please also provide here a brief description of expected arrangements for technology transfer (if applicable). <p style="text-align: center;"><i>-ditto-</i></p></p>
<p>Links of Partnership/Initiative with on-going sustainable development activities at the international and/or regional level (if any) Please provide a brief description: <i>JICA implements its medical projects always taking consideration of other donor's partnership/initiative, for example Stop TB Initiative by WHO.</i></p>
<p>Monitoring Arrangements Please describe expected arrangements for monitoring of progress in the implementation of Partnerships/Initiative after it will be launched at the WSSD: (e.g. frequency/modalities of preparation of progress reports; electronic updates, news-letters, etc) <i>To be consulted.</i></p>
<p>Other relevant information:</p> <p>Web-site (if available): <i>JICA Web Site</i> http://www.jica.go.jp</p>
<p>Name and contact information of the person filling in this table:</p> <p>Name: <i>Kei YOSHIZAWA</i> Position: <i>Deputy Director, Planning Division, Medical Cooperation Department, JICA</i> Address: <i>2-1, Yoyogi, Shibuya-ku, Tokyo 151-8558, Japan</i> Phone: <i>81-3-5352-5217</i> Fax: <i>81-3-5352-5320</i> E-mail: <i>jicamc@jica.go.jp</i></p>
