E-mail: seki-soichiro@meti.go.jp

Main objectives of the Partnership/Initiative

CDM projects potential in Asia need to be realised through institutional streamlining, wide spread expertise knowledge, national strategy on promising areas, and support by industrial sector. CDM-related capacity building program is to address these agenda by utilising Japanese experience and tools of international co-operation and energy policy.

Expected results:

Smooth start of CDM projects will be foreseen/encouraged and green house gas emission reduction will be achieved. As a result, it will contribute host countries' sustainable development.

Specific targets of the Partnership/Initiative and timeframe for their achievement:

For the beginning stage of the CDM implementation (2002-2005)

- to strengthening expertise knowledge and fostering understanding on CDM in the government

<p>and in the industrial sector (including candidates for Operational Entities)</p> <ul style="list-style-type: none"> - to help the government sector concerning the implementation of CDM project - to support developing national strategy on CDM - to conduct joint research programs on CDM potential areas by universities and/or research institutes - to implement case studies on model projects
<p>Coordination and Implementation mechanism</p> <p>METI, Japan will play a role of coordination body among partnership countries and develop a draft overall capacity building program for each country in consultation with partner countries. The coordination meetings will be held to organize the program.</p>
<p>Arrangements for funding</p> <p>Ministry of Economy, Trade and Industry, Japan</p>
<p>Arrangements for capacity building and technology transfer</p> <p>The capacity building program will be made on the basis of the discussion at the coordination meetings.</p>
<p>Links of Partnership/Initiative with on-going sustainable development activities at the international and/or regional level (if any)</p>
<p>Monitoring Arrangements</p> <p>The coordination meetings will be held once a year and implementation of each country's program will be reviewed.</p>
