STUDENT WORKSHEETS: WORKSHEET 4

6. REFLECTION SHEET

Did the country you are representing get the result you were aiming for? Why or why not?

What were some challenges you faced while representing your assigned country?

What do you think the benefits and drawbacks are of a consensus-based approach?

What do you think about the structure of the United Nations Environment Assembly? Does it work? If not, what do you think should change?

Do you think your simulation covered all the relevant concerns in this debate? Was there anything left out?
