

**Seventeenth round of Informal Consultations of States Parties to the  
United Nations Fish Stocks Agreement**

**Discussion panel on “Sustainable fisheries management in the face of climate change”**

Segment 1: Understanding the impacts of climate change on fisheries Wednesday, 15 May 2024, 3-6 p.m.		
Enrique N. Curchitser	Chair, North Pacific Marine Science Organization (PICES)	Science to support sustainable North Pacific fisheries management in face of climate change  <a href="#">Abstract</a> / <a href="#">Presentation</a>
Beatriz Guijarro	Científica Titular, Spanish National Institute for Oceanography	The impact of climate change in fisheries assessment and management  <a href="#">Abstract</a> / <a href="#">Presentation</a>
Zhang Fan	Professor, College of Marine Living Resource Sciences and Management at Shanghai Ocean University	Understanding the diverse impacts of climate change on marine fisheries (Pre-recorded)  <a href="#">Abstract</a> / <a href="#">Presentation</a>
Sarah Glaser	Senior Director, Ocean Futures Program, World Wildlife Fund (WWF)	Predictive mapping of the impacts of climate change on fisheries  <a href="#">Abstract</a> / <a href="#">Presentation</a>
Kathy Mills	Senior Scientist, Gulf of Maine Research Institute	Climate change impacts on fisheries  <a href="#">Abstract</a> / <a href="#">Presentation</a>
Ratana Chuenpagdee	Professor, Memorial University of Newfoundland	Impacts of climate change on small- scale fisheries and coastal communities  <a href="#">Abstract</a> / <a href="#">Presentation</a>

Segment 2: Overview of the legal framework for sustainable fisheries management in the face of climate change Thursday, 16 May 2024, 10 a.m.-1 p.m.		
Jasdeep Randhawa	Programme Officer, Intergovernmental Support and Collective Progress Division,	The global legal framework for addressing climate change and its relevance for sustainable fisheries*  <a href="#">Abstract</a> / <a href="#">Presentation</a>

	United Nations Framework Convention on Climate Change (UNFCCC)	
Valentina Germani	Senior Legal Officer, United Nations Office of Legal Affairs, Division for Ocean Affairs and the Law of the Sea (DOALOS)	The role of UNCLOS and UNFSA in the sustainable management of fisheries in the face of climate change <a href="#">Abstract</a> / <a href="#">Presentation</a>
Tarub Bahri	Fisheries Officer, Food and Agriculture Organization of the United Nations (FAO)	FAO's role in supporting sustainable fisheries management in the face of climate change <a href="#">Abstract</a> / <a href="#">Presentation</a>
David Vivas Eugui	Chief of Section, a.i. Trade, Environment, Climate Change and Sustainable Development Branch (TEDB), United Nations Conference on Trade and Development (UNCTAD)	Climate change and the fishing industry (Pre-recorded) <a href="#">Abstract</a> / <a href="#">Presentation</a>
Anastasia Telesetsky	Professor, California State Polytechnic University San Luis Obispo	Creating New Synergies: Law of the Sea and UNFCCC <a href="#">Abstract</a> / <a href="#">Presentation</a>

Segment 3: Case studies, best practices and challenges at the regional and national levels Thursday, 16 May 2024, 3-6 p.m.		
Darius Campbell	Secretary, North-East Atlantic Fisheries Commission (NEAFC)	Sustainable Fisheries Management in the face of Climate Change: The North-East Atlantic <a href="#">Abstract</a> / <a href="#">Presentation</a>
Elaine G. Garvilles	Assistant Science Manager, Western and Central Pacific Fisheries Commission (WCPFC)	WCPFC Experience and Perspective <a href="#">Abstract</a> / <a href="#">Presentation</a>
Piero Mannini	Senior Liaison Officer and RSN Secretary, Fisheries and Aquaculture Division (NFI), Food and Agriculture Organization of the	FAO's support to RFBs for sustainable fisheries management in the face of climate change <a href="#">Abstract</a> / <a href="#">Presentation</a>

	United Nations (FAO)	
Kirstin Holsman	Research Fishery Biologist, U.S. National Oceanic and Atmospheric Administration (NOAA), National Marine Fisheries Service, Alaska Fisheries Science Center	Recent advancements, case studies, and future directions towards supporting sustainable fisheries in the face of climate change  <a href="#">Abstract</a> / <a href="#">Presentation</a>
Grantly Galland	Director of RFMO Policy, Pew Charitable Trusts	Opportunities and Needs as RFMOs Respond to Climate Change  <a href="#">Abstract</a> / <a href="#">Presentation</a>

Segment 4: Challenges and opportunities for strengthening sustainable fisheries management in the face of climate change Friday, 17 May 2024, 10 a.m.-1 p.m.		
Shana Miller	Director, International Fisheries Project, The Ocean Foundation	Harvest strategies as a tool for climate-ready fisheries management  <a href="#">Abstract</a> / <a href="#">Presentation</a>
Aissatou Fall Ndoye	Ingénieur en aménagement des Pêches, Chef du Bureau de l'Environnement et des Changements Climatiques, Senegal	Opportunities, experiences and challenges for Senegal to strengthen sustainable fisheries management in response to climate change  <a href="#">Abstract</a> / <a href="#">Presentation</a>
Camille Manel	Executive Secretary, International Commission for the Conservation of Atlantic Tunas (ICCAT)	ICCAT's challenges and opportunities for strengthening sustainable fisheries management in the face of climate change  <a href="#">Abstract</a> / <a href="#">Presentation</a>
Munshida Ibrahim	Director, Fisheries Management Section, Ministry of Fisheries and Ocean Resources, Maldives	Challenges and opportunities for strengthening sustainable fisheries management in the face of climate change  <a href="#">Abstract</a> / <a href="#">Presentation</a>
Kristin Kleisner	Lead Senior Scientist for Ocean Science, Environmental Defense Fund (EDF)	From exploring theory to providing operational help: Development of the Climate Resilient Fisheries Planning Tool (Pre-recorded)  <a href="#">Abstract</a> / <a href="#">Presentation</a>

Neetu Prasad	Joint Secretary (Marine Fisheries) Department of Fisheries, Government of India	Enhancing Sustainable Fisheries Management Amid India's Climate Change Challenges  <a href="#">Abstract</a> / <a href="#">Presentation</a>
Catherine Longo	Principal Scientist, Marine Stewardship Council (MSC)	An incentive-based perspective for strengthening sustainable fisheries management in the face of climate change  <a href="#">Abstract</a> / <a href="#">Presentation</a>

**\*Provisional titles**
