The United Nations Framework Convention on Climate Change (UNFCCC), adopted in 1992, is the basis of the intergovernmental negotiating process to address the global problem of climate change. That process is serviced by the UNFCCC Secretariat ("the secretariat"), which has been located in Bonn, Germany since August 1996. The secretariat supports all institutions involved in the process to combat climate change, particularly the COP, the subsidiary bodies and their Bureau in the implementation of the Convention and its Paris Agreement. The Paris Agreement's central aim is to strengthen the global response to the threat of climate change by keeping a global temperature rise this century well below 2 degrees Celsius above pre-industrial levels and to pursue efforts to limit the temperature increase even further to 1.5 degrees Celsius. Additionally, the agreement aims to strengthen the ability of countries to deal with the impacts of climate change. In this context, it organizes major conferences at locations around the world, provides web-based services to 197 parties and operates various mandated information systems supporting the Kyoto Protocol mechanisms.

Requirement:

The secretariat would like to establish a long-term contract with a qualified service provider who can undertake all tasks related to maintenance and support of Incapsula Enterprise Services.

Detailed specifications will only be provided as part of the Invitation To Bid, which will be issued after the closing date of this request for EOI.

The EOI should include a description of the company profile and details of relevant experience. However, such description shall be limited to 1-2 pages length (max. 5MB). Please do not include copies of certifications at this stage. EOIs that do not contain the information requested for evaluation by UNFCCC may be rejected.

We kindly request vendors who are interested in responding to this EOI but have not yet registered as a supplier with the United Nations Global Marketplace (UNGM) to complete the online vendor registration form which can be accessed at <https://www.ungm.org>. EOIs that do not contain the information requested for evaluation by UNFCCC may be rejected.

This notice is posted for information only and does not constitute an invitation to bid or submit a proposal. The UNFCCC reserves the right to change or cancel these requirements at any time in the EOI and/or solicitation process. The UNFCCC Procurement and General Services Unit considers a vendor's qualifications and experience in the particular commodity/service area, and previous performance, when preparing a list of invitees. Thus submitting an EOI does not automatically guarantee a vendor will be considered for receipt of the solicitation when issued; and the UNFCCC reserves the right to send the Solicitation Documents to Vendors who were identified through additional market research or others means to source the UN requirements.
