**DESCRIPTION OF REQUIREMENTS**

The United Nations Office on Drugs and Crime Regional Office for Central Asia (UNODC ROCA) hereby invites qualified bidders to submit their Expression of Interest for conducting survey on victimizing criminal in Uzbekistan.

The aim of the study "Research on crime victimization in Uzbekistan" is to study the problem of crime, as well as ways of their more effective solution, to study the subjective aspects of crime: fear of crime, fears and strategies of self-defense. And also provide a valuable source of information for law enforcement agencies and any national stakeholders responsible for crime prevention. The survey results can be used to understand the level and nature of both personal and domestic crimes, as well as people's perception of safety in society and their trust in law enforcement agencies. Both actual and perceived risks of crime can be indicators of the well-being of a society.

The assessment will determine the nature, extent and differentiation of crimes, and the answers needed, including:

- opinion of the population about the problems of crime in Uzbekistan
- trends, patterns and policies regarding corruption.
- experience and results of reporting crimes to government agencies;
- citizens’ access to justice;
- the scale of crime and its nature;
- characteristics of victims and criminals;
- assessment of the likelihood of becoming a victim of a crime;
- the degree to which the fact of committing a crime has been brought to the attention of state authorities;
• reasons for refusing to report the committed crime;
• the effectiveness of measures to prevent crime;
• assessment of the presence / absence of a connection between the fear of crime and the real scale of crime;
• the impact of crime on vulnerable groups in society;
• dynamics of ideas about the safety of citizens.

The study aims to collect evidence about the forms of crime that affect the daily life of citizens in order to assess their prevalence and prevailing types. This information will be placed in a broader context by examining perceptions of crime, citizens’ views of governance and public integrity and accountability practices.

Please note that this is not an invitation for submission of a proposal. This is a request for Expressions of Interest (EOI) in order to identify qualified vendors interested in participating in the solicitation.
