

About UNOCT

The Office provides its capacity-building support to Member States through the UN Counter-Terrorism Centre (UNCCT) and the Special Projects and Innovation Branch (SPIB). UNCCT was established by an initial contribution of the Kingdom of Saudi Arabia to the Counter-Terrorism Trust Fund in 2011. UNCCT has an Advisory Board composed of 21 Member States plus the European Union (EU) as a Guest Member. SPIB was established following a contribution by the State of Qatar as part of the Contribution Agreement between UNOCT and the State of Qatar signed in 2018.

To enhance coordination and coherence, the UN Global Counter-Terrorism Coordination Compact, which is a coordination framework bringing together 46 entities, was launched by the UN Secretary-General in December 2018. The Compact operates thanks to a contribution of the State of Qatar. It operates through its Coordination Committee and eight thematic Inter-Agency Working Groups, which were revitalized in April 2019, providing an "All-of-UN approach" to the system's work on counter-terrorism and preventing and countering violent extremism as conducive to terrorism.
