## 1 Introduction

This joint submission to the Commission on the Limits of the Continental Shelf (CLCS) is made by the Government of the Republic of South Africa and the Government of the French Republic pursuant to Article 76, paragraph 8, and article 4 of Annex II of the United Nations Convention on the Law of the Sea, in support of the establishment of the outer limits of the continental shelf beyond 200 nautical miles from the baselines from which the breadth of the territorial sea is measured, in the areas surrounding the Prince Edward Islands and the Crozet Archipelago.

This submission is a partial submission for South Africa. The other partial submission concerns the continental shelf surrounding the South African mainland, lodged in May 2009.

For France, this is also a partial submission, as was its submission presented jointly with Spain, Ireland and the United Kingdom of Great Britain and Northern Ireland on the 19<sup>th</sup> of May 2006, for the region of the Celtic Sea and the Bay of Biscay, the submission presented on the 22<sup>nd</sup> of May 2007 for the regions offshore French Guiana and New Caledonia, the submission for the areas off the French Antilles and the Kerguelen Islands lodged on the 5<sup>th</sup> of February 2009 and the submission related to the areas of La Réunion and Saint-Paul and Amsterdam, submitted in May 2009.

## 2 The continental shelf

The present joint submission deals only with the outer limit of the continental shelf in the areas of the Prince Edward Islands and the Crozet Archipelago. In accordance with paragraph 3 of Annex I of the Rules and Procedures, submissions for other parts of the French continental shelf will be made at

## 1 Introduction

La demande du gouvernement de la République Française et de la République de l'Afrique du Sud auprès de la Commission des Limites du Plateau Continental (CLPC) est présentée conformément à l'Article 76, paragraphe 8, et à l'article 4 de l'Annexe II de la Convention des Nations Unies sur le Droit de la Mer en vue de déterminer, au large des Iles Prince Edouard et de l'Archipel de Crozet, les limites extérieures du plateau continental au-delà des 200 milles marins des lignes de base à partir desquelles est mesurée la largeur de la mer territoriale respective de ces deux zones.

Cette demande est pour la France une demande partielle ainsi que l'avaient été celle présentée le 19 mai 2006 pour la région du Golfe de Gascogne, conjointement avec l'Espagne, l'Irlande et le Royaume Uni de Grande-Bretagne et d'Irlande du Nord, celle présentée le 22 mai 2007 pour les zones au large de la Guyane et de la Nouvelle-Calédonie, celle déposée le 5 février 2009 pour les zones au large des Antilles et des Kerguelen et la demande concernant les zones au large de La Réunion et de Saint-Paul et Amsterdam, déposée en mai 2009.

Pour l'Afrique du Sud, cette demande est également une demande partielle. L'autre demande partielle concerne le plateau continental au large du métropole sud-africain, déposée en mai 2009.

## 2 Le plateau continental

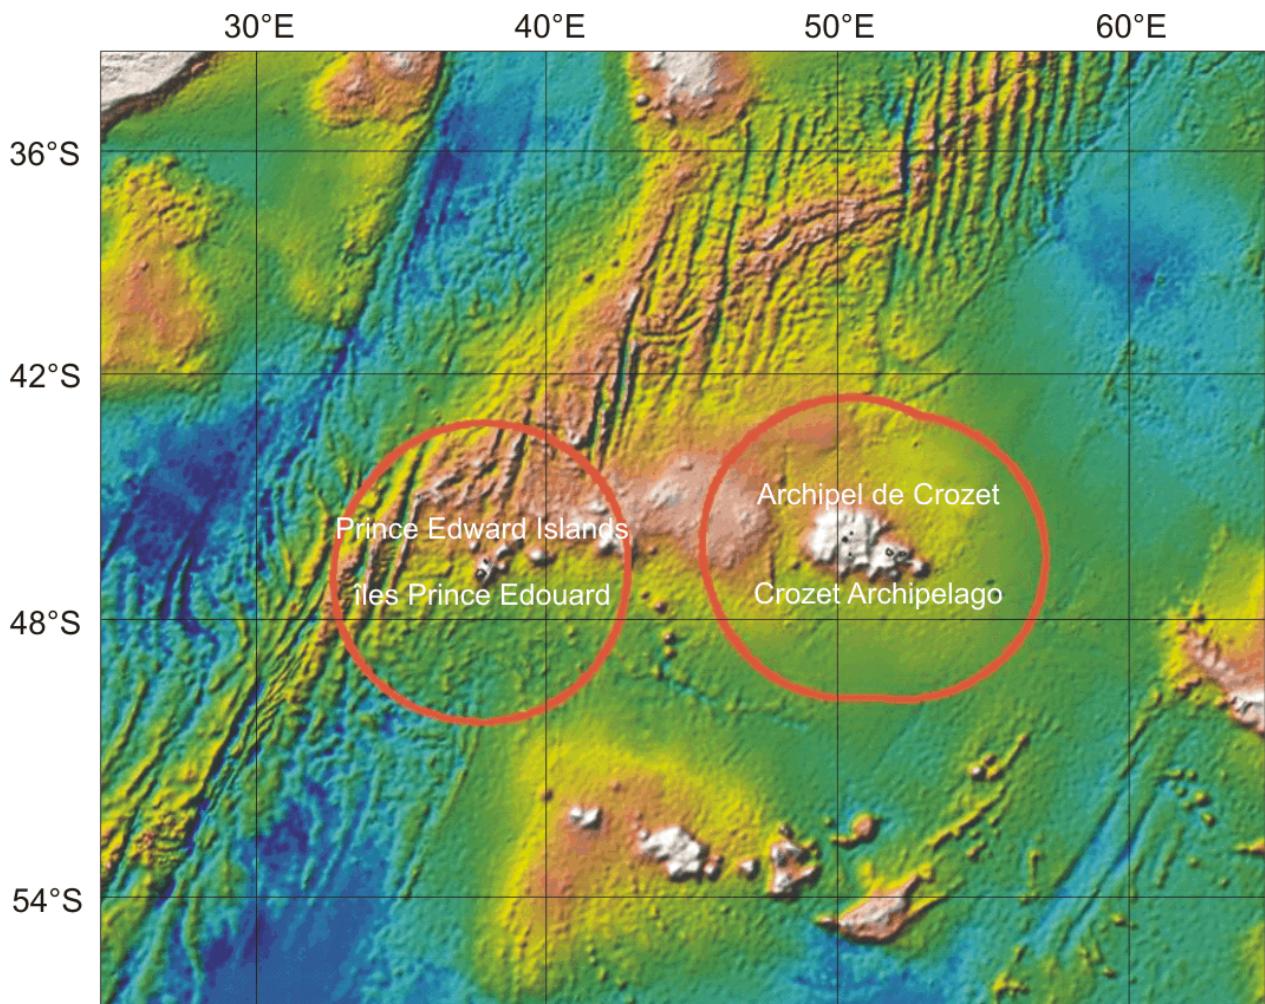

La présente demande ne traite que de la limite extérieure du plateau continental dans les régions des Iles Prince Edouard et de l'Archipel de Crozet. Conformément au paragraphe 3 de l'Annexe I du Règlement intérieur, des demandes pour d'autres parties du plateau continental de la France seront

a later stage, without prejudicing the resolution of pending questions related to the determination of limits in those parts of the continental shelf claimed by France and any other State.

faites ultérieurement sans préjuger du règlement de questions pendantes relatives à la fixation des limites dans ces parties du plateau continental revendiqué par la France et tout autre Etat.

The extension of the continental shelf beyond 200 miles from the baselines of the South African Prince Edward Islands and the French Crozet Archipelago is located in the area of the South West Indian Ridge, the Discovery II Ridge, the Del Cano Rise and the Crozet Bank (Figure 1).

L'extension du plateau continental au-delà de 200 milles marins des lignes de base des îles sud-africaines de Prince Edouard et de l'Archipel français de Crozet se situe dans la zone de la Ride Del Cano, le Banc de Crozet, la Ride de Discovery II, et la Dorsale Sud-Ouest Indienne (Figure 1).

**Figure 1 : The continental shelf in the region of the Prince Edward Islands and the Crozet Archipelago (ETOPO-1 bathymetry) / Le plateau continental dans la région des îles Prince Edouard et l'Archipel de Crozet (Bathymétrie ETOPO-1).**

### **3 Specific provisions invoked to support this partial submission**

The outer limit is based on the provisions of Articles 76, paragraphs 1, 4 (a)(ii), 4 (b), 5, 6 and 7 of the United Nations Convention on the Law of the Sea.

### **4 Absence of disputes**

In accordance with paragraph 2(a) of Annex I to the Rules of Procedures of the CLCS, South Africa and France wish to inform the Commission that the continental shelf in the area of the Prince Edward Islands and the Crozet Archipelago is not the subject of any dispute between the two coastal States and any other State.

### **5 Description of the outer limits of the continental shelf**

The final outer limit consists of a series of straight lines, not exceeding 60 M in length, joining fixed points defined by coordinates of latitude and longitude, generated from the combination of the Hedberg line beyond 200 M and the 350 M constraint, which are the two delimitation lines applied in this region. A summary of these fixed points is provided in Figure 2 and the coordinates of latitude and longitude of the fixed points comprising the outer limit of the continental shelf is given in Table 1.

### **3 Dispositions invoquées pour établir la demande partielle**

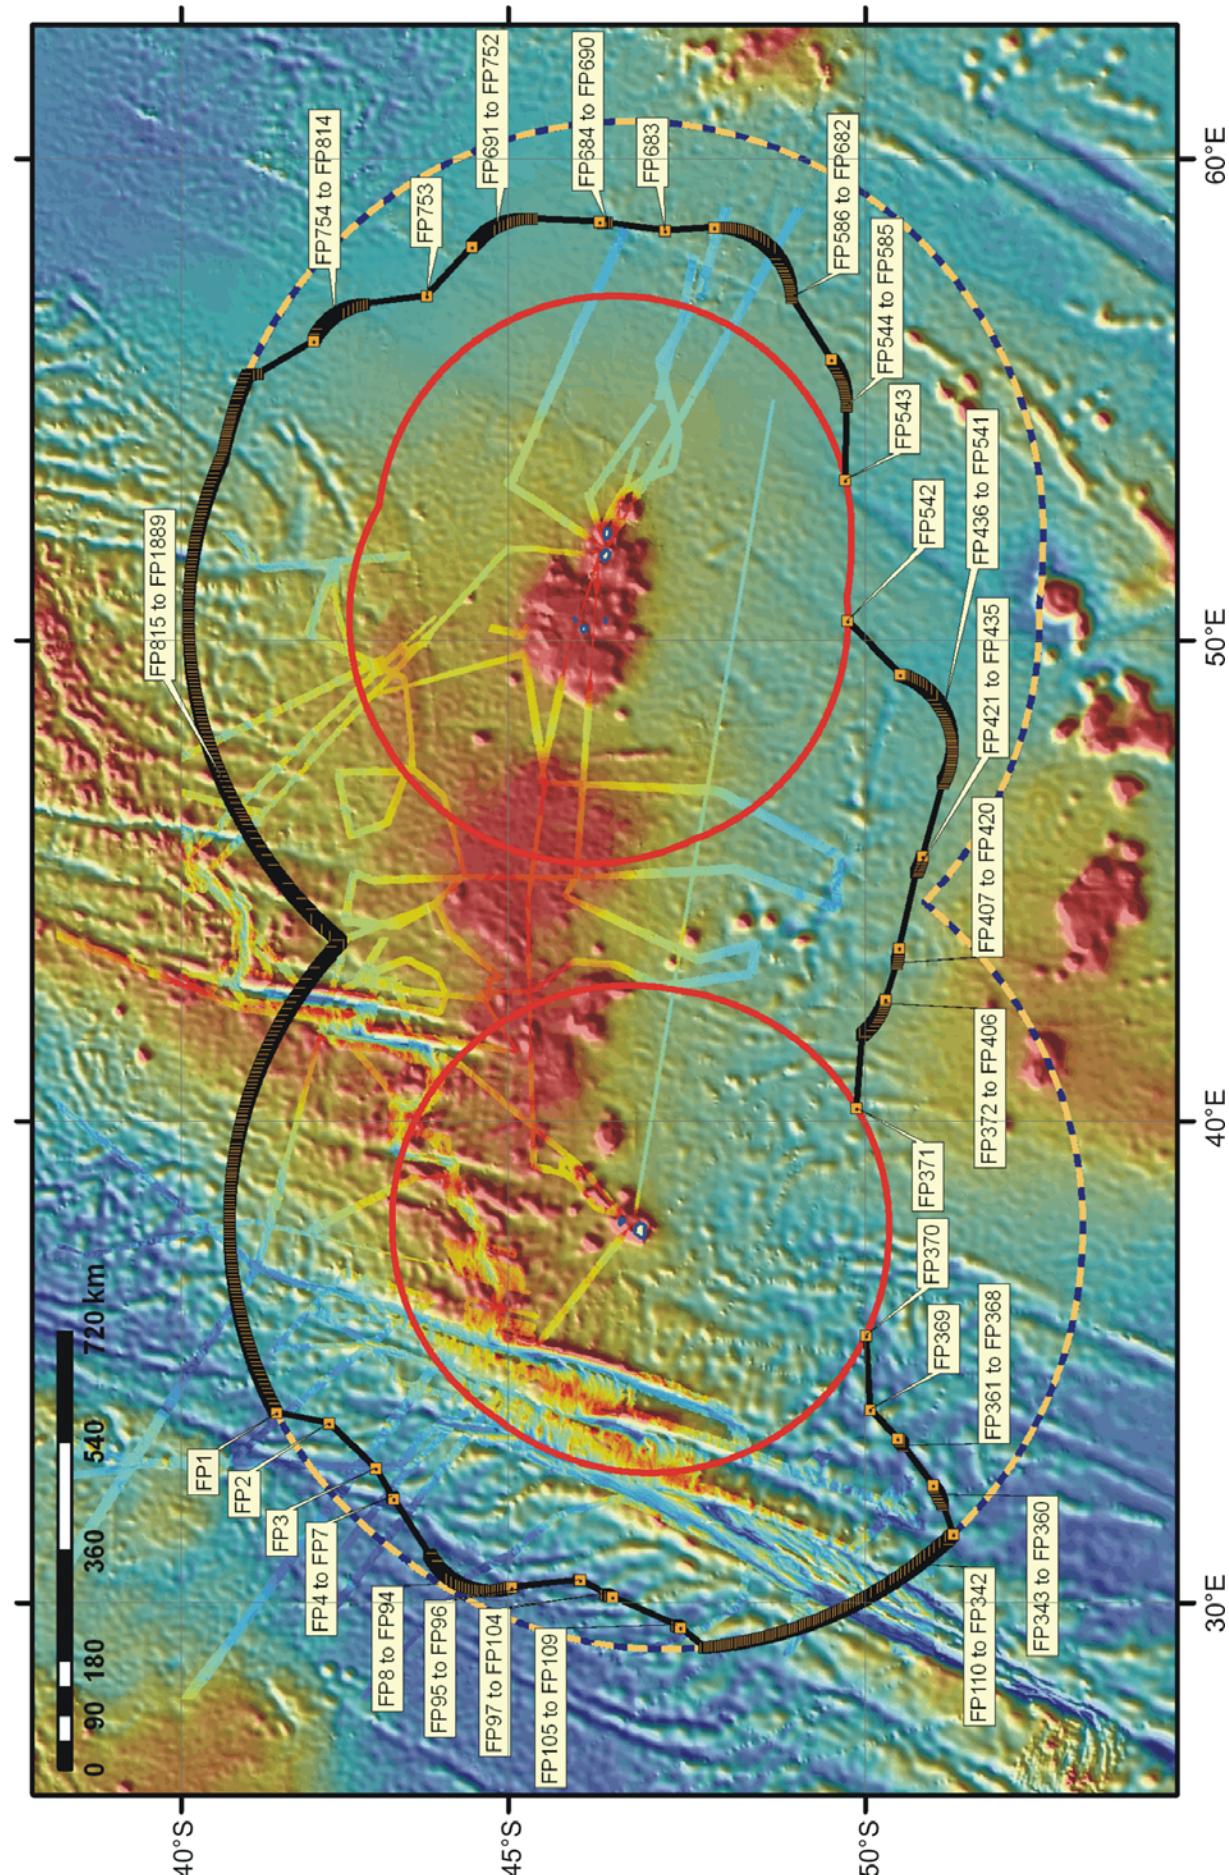

La limite extérieure décrite dans cette demande est fondée sur les dispositions de l’Article 76, paragraphes 1, 4 (a)(ii), 4 (b), 5, 6 et 7 de la Convention des Nations Unies sur le droit de la mer.

### **4 Absence de différend**

Conformément au paragraphe 2 (a) de l’Annexe I du Règlement intérieur de la CLPC, l’Afrique du Sud et la France sont en mesure d’informer la Commission de l’absence de différend entre les deux Etats côtiers et tout autre Etat concernant le plateau continental dans la zone des îles Prince Edouard et de l’Archipel de Crozet.

### **5 Description des limites extérieures du plateau continental**

La limite extérieure finale est fixée en reliant par des droites d'une longueur n'excédant pas 60 milles marins des points fixes définis par des coordonnées en latitude et en longitude. Les points fixes sont générés par une combinaison de la ligne de Hedberg au-delà des 200 M et la contrainte de 350 M, les deux critères appliqués dans la région. La Figure 2 présente un sommaire de ces points fixes, et le Tableau 1 liste les coordonnées en latitude et en longitude des points fixes constituant la limite extérieure du plateau continental.

**Figure 2 : Details of the outer limit of the continental shelf on ETOPO-1 and multibeam bathymetry background (Mercator Projection. Fixed Points in orange, outer limit line in black, combined constraint dashed and 200 M limit in red) / Détails de la limite extérieure du plateau continental sur fond ETOPO-1 et bathymétrie multifaisceau. (Projection Mercator. Points Fixes en orange, limite extérieure en noir, contrainte combinée en tireté et la limite de 200 M en rouge).**

## 6 State bodies responsible for the preparation of this partial continental shelf submission

The South African Extended Continental Shelf Claim project was established in 2002 under the provisions of a ministerial directive which instructed the South African Agency for Promotion of Exploration and Exploitation (Petroleum Agency SA) to manage the project in collaboration with relevant government organisations which include: the Department of Minerals and Energy, the Department of Foreign Affairs, the Department of Science and Technology, the Department of Environmental Affairs and Tourism, the Department of Defence, represented by the South African Navy Hydrographic Office, the Council for Geoscience, the Institute for Maritime Technology, the South African Maritime Safety Authority.

EXTRAPLAC is the French national multi-year program dedicated to the continental shelf extension, funded by the French Government. For this joint submission, the French contributions to the preparation of the submission, as well as the elaboration of all maps, figures, appendices and data bases were made by a consortium coordinated by the General Secretariat for the Sea (SGMer) and composed of the French research institute for the exploitation of the sea (Ifremer), the Hydrographic and Oceanographic Service of the Navy (SHOM), the French Petroleum Institute (IFP), and the French Polar Institute Paul-Emile Victor (IPEV).

## 6 Organismes d'Etat responsables de la préparation de la présente demande partielle d'extension de plateau continental

EXTRAPLAC est le programme national français d'extension du plateau continental pluriannuel financé par le Gouvernement français. Pour cette demande conjointe, la contribution française à la réalisation du dossier, ainsi que toutes les cartes, figures, annexes et bases de données ont été préparées, sous la coordination du Secrétariat Général de la Mer (SGMer), par un consortium composé de l'Institut français de recherche pour l'exploitation de la mer (Ifremer), du Service Hydrographique et Océanographique de la Marine (SHOM), de l'Institut Français du Pétrole (IFP) et de l'Institut Polaire français Paul-Emile Victor (IPEV).

Le programme sud-africain d'extension du plateau continental a été établi en 2002 sous l'égide d'une directive ministérielle instruisant l'Agence sud-africaine pour la Promotion de l'Exploration et l'Exploitation (Petroleum Agency SA) de gérer le projet en collaboration avec les Départements gouvernementaux pertinents: le Département des Minéraux et de l'Energie, le Département des Sciences et de la Technologie, le Département des Affaires Environnementales et du Tourisme, le Département de la Défense représenté par le Bureau Hydrographique de la Marine Sud-africaine, le Conseil pour les Géosciences, ainsi que l'Institut des Technologies Maritimes et l'Autorité sud-africaine de la Sécurité Maritime.

## Appendix : Outer limit of the continental shelf in the area of the Prince Edward Islands and the Crozet Archipelago
