Transnational organised fisheries crime as a maritime security issue

Cand. jur. Gunnar Stølsvik

The map illustrates the transport of fish from the Barents Sea to other parts of the world by suspected IUU vessels.
The map shows the positions of vessels engaged in fishing activity originating from the Barents Sea on 16 May 2008. Blue dots indicate fishing vessels, red dots cargo vessels and green dots black-listed IUU vessels.

Thank you for your attention!
