2018 VNR Reports Analysis

46 VNRs analysed

Focus on **leaving no one behind**, **quality education**, **the global partnership** and **overall importance assigned to individual SDGs**

Findings presented at the **High-level Political Forum on Sustainable Development**

Purpose

Identify key issues in the implementation of the 2030 Agenda
Highlight diverse country practices to promote mutual learning

Tools

Systematic content analysis
Machine learning-based algorithm

How does it fit in?

Complements (not duplicates) existing work of other UN entities and civil society

United Nations Committee for Development Policy (CDP) 2018 Voluntary National Review (VNR) Reports on Leaving No One Behind (LNOB)

VNRs of
46 COUNTRIES

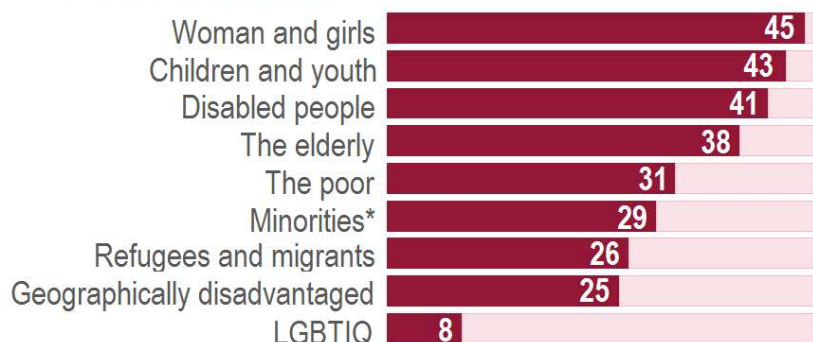

LNOB mentioned in most VNRs, but strategies to address most marginalized often missing

Key areas identified as crucial to achieve LNOB, but many not mentioned in VNRs

Who is left behind?

* Include racial, ethnical, religious and indigenous groups

Lesser known groups mentioned at risk of being left behind

United Nations Committee for Development Policy (CDP) 2018 Voluntary National Review (VNR) Reports on Quality Education

4 QUALITY EDUCATION

9 VNRs reference up to two issue areas, but lack systematic focus on access and/or quality

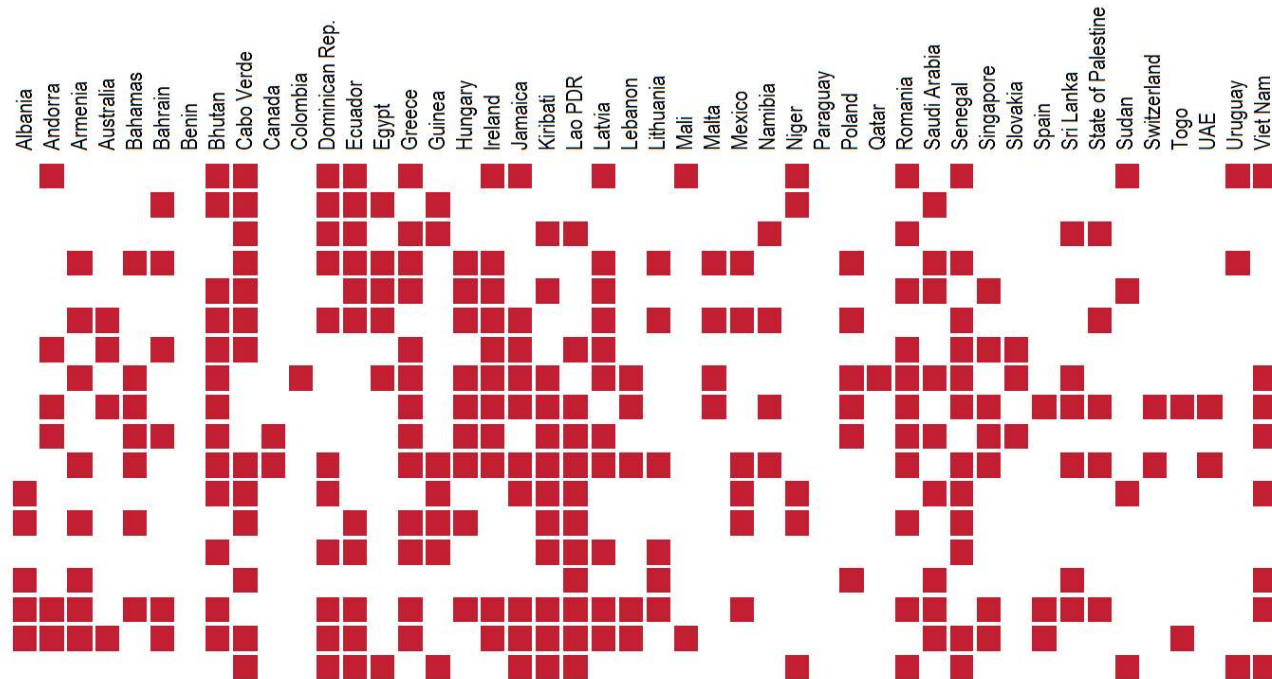

VNRs of

Access to or quality of education - what do VNRs report?

46 COUNTRIES

Quality of education moving to the forefront, but access still relevant

Examples of country-specific issues mentioned in VNRs

Australia and Canada mention poverty within the indigenous population as an obstacle for obtaining high quality education

Kiribati mentions dual education to bridge the gap between training and labor market

Lao PDR works towards addressing non-performance of teachers through skills upgrading, quality assurance and improved human resources policies

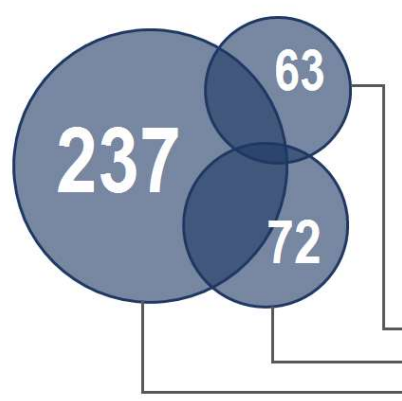

Romania works towards including older people into education

VNRs of **46** COUNTRIES

Referencing at least **ONE** of the 19 targets of SDG 17: **45** COUNTRIES

How are the 19 targets of SDG 17 in the VNRs covered?

Overall coverage

Across the targets coverage

- Targets**
- 17.1 Domestic resource mobilization
 - 17.2 ODA targets
 - 17.3 Additional external financial resources
 - 17.4 Debt
 - 17.5 Investment promotion regimes for LDCs
 - 17.6 STI cooperation
 - 17.7 Promote ESTs
 - 17.8 Technology bank; ICT use
 - 17.9 Capacity building
 - 17.10 Multilateral trade
 - 17.11 Increase exports
 - 17.12 DFQF
 - 17.13 Global macroeconomic stability
 - 17.14 Policy coherence
 - 17.15 Policy space and leadership
 - 17.16 Global partnerships
 - 17.17 Partnerships
 - 17.18 Statistical capacity building
 - 17.19 New measures of progress

How do countries cover SDG 17?

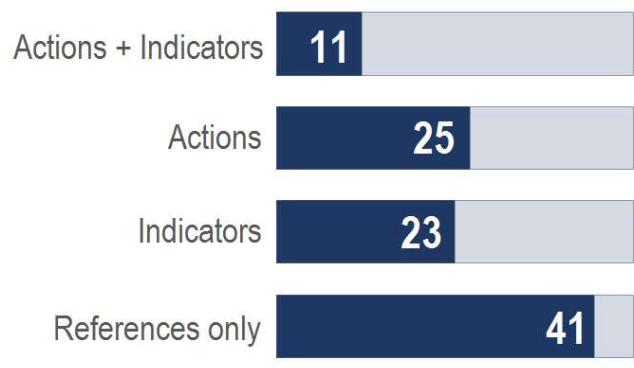

Unequal coverage of targets

1 VNR vs **33** VNRs mention

17.5 Investments for LDCs vs **17.3** External financial resources

"Orphan targets": **17.5 & 17.15**
=Mentioned in 3 or less VNRs

Unequal coverage of specific measures

Unequal emphasis on SDG 17

3 countries providing concrete **actions** for at least **4** targets:
Australia, Colombia, Mali

vs

1 country covering **no** target

How balanced are the individual SDGs represented in the VNRs?

Machine learning-based algorithm, measuring relative focus VNRs assign to individual SDGs

Great variations across SDGs

Climate challenges recognized?
Inequalities neglected?

SDG 10 least attention vs SDG 17 most attention

Great variations across countries - reflecting variety of national priorities and approaches
