

# COVID-19 government responses in LDCs – status report of 14 Aug 2020

For how many of the 47 LDCs have measures been recorded?

Timing of recorded policy responses by governments in LDCs

**Stringency index**

The Stringency index is calculated using nine indicators, combining various measures of government responses, to capture a variation in containment and closure policies only. It records the number and strictness of government policies, not the appropriateness or effectiveness of a country's response.
