

World Economic Situation **and** Prospects

2021

United Nations

Table of contents

Sustainable Development Goals	iii
Explanatory notes	iv
Acknowledgements	v
Executive summary	vii
 Chapter I	
Global Economic Outlook	1
The Great Disruption	1
World economy on a cliffhanger.	1
Economic growth plunged worldwide	4
Not all are in the same boat	8
Low inflation, new worries	10
Global employment has taken a big hit	11
Short-term pain, long-term scars	12
Rising poverty and inequality: adding insult to injury	14
Many Sustainable Development Goals are suffering collateral damages	15
Extraordinary crisis, extraordinary responses	17
Fiscal stimulus has saved the day	17
Not only the quantity but also the quality of stimulus matters	18
Austerity cannot be an option	20
Robust monetary responses to complement fiscal measures	20
Lenders of last resort are becoming buyers of last resort	21
Liquidity is not stimulating investments	22
Borrowing from the future	23
Recovery with resilience	26
Understanding resilience	29
Rethinking fiscal and debt sustainability	29
Ensuring universal social protection	34
Building climate resilience	36
Revitalizing multilateralism: United We Stand, Divided We Fall.	37
 Chapter II	
The future of global trade	39
New and emerging challenges faced by global trade	40
Short-term trends: impact of COVID-19 on global trade	40
Shift in global trade towards developing countries	44
New development strategies: the end of manufacturing export-led growth?	46
Pushback against multilateralism and rising protectionism	49

	<i>Page</i>
Global value chains at a crossroads	52
Drivers of global value chain growth prior to the global financial crisis	52
Emerging trends are redefining global value chains	54
Challenges to further expansion of global value chains	57

Figures

I.1a Monthly COVID-19 related deaths	1
I.1b Daily COVID-19 survival rate	2
I.2 Growth of gross domestic product	6
I.3 Global growth scenarios	7
I.2.1 Cases and deaths per 100,000 population and Gini coefficient by country	9
I.4 Employees in teleworkable occupations, by workers' characteristics, EU-27	13
I.5 Poverty projections before and after COVID-19	15
I.6 a. Global fiscal response b. Fiscal response as a share of GDP	17
I.7 Change in major stock market indices	23
I.8 Increase in general government debt during recent crises	25
I.9 General government gross debt, 2009 and 2020	25
I.10 Changes in government debt in 2020	26
I.11 External debt stock and debt servicing burden in developing countries	31
I.12 Public and publicly guaranteed external debt, by creditor	33
II.1 Volume of merchandise exports, January 2005–September 2020	40
II.2 Volume of exports of goods and services in selected regions	41
II.3 World trade by sector	42
II.4 Share of global merchandise exports	45

	<i>Page</i>
II.5 Labour productivity in developing regions	46
II.2.1 Merchandise exports of least developed countries	48
II.6 Cumulative trade coverage of import-restrictive measures in force since 2009	51
II.7 Discriminatory commercial policy interventions	51
II.8 Global value chain participation by country and region	53
II.9 Global ICT services exports	59
II.10 World exports of services, by Mode of supply	63
III.1 Disposable personal income, employee compensation and personal consumption in the United States	73
III.2 Household savings rate, selected developed economies	74
III.3 Hotel occupancy rate in selected European countries	77
III.4 Global prices of selected commodities exported by the CIS countries	81
III.1.1 Share of public debt in foreign currency and public debt as percentage of GDP	84
III.5 Real GDP growth in Africa, by subregion	89
III.6 General government overall balance, selected African economies	92
III.7 Real GDP per capita in Africa	95
III.8 Real GDP growth in East Asia	97
III.9 International tourism receipts in selected East Asian economies, 2019 . . .	99
III.10 Interest rate cuts in selected East Asian economies, 2020	101
III.3.1 Global value chain (GVC) trade as share of GDP, 2005–2015	108
III.11 Fiscal position and public debt as a percentage of GDP in selected ESCWA countries	112
III.4.1 GDP per capita vs. tax revenues as a percentage of GDP	114
III.12 Contribution of commodity exports, personal remittances and tourism to GDP, 2016–2018 average	118

Tables

I.1 Growth of world output and gross domestic product	5
I.2 Growth of gross domestic product in selected regional economic groups .	7
I.3 Asset purchases by major central banks	21
I.4 Money supply and gross fixed capital formation	22

Statistical annex

Country classifications

A	Developed economies	125
B	Economies in transition	125
C	Developing economies by region	126
D	Fuel-exporting countries	127
E	Economies by per capita GNI in June 2020	128
F	Least developed countries	129
G	Heavily indebted poor countries	129
H	Small island developing States	130
I	Landlocked developing countries	130
J	International Organization for Standardization of Country Codes	131

Annex tables

A.1	Developed economies: rates of growth of real GDP	135
A.2	Economies in transition: rates of growth of real GDP	136
A.3	Developing economies: rates of growth of real GDP	137
A.4	Growth of world output and gross domestic product by SDG regions	141
A.5	Developed economies: consumer price inflation	142
A.6	Economies in transition: consumer price inflation	143
A.7	Developing economies: consumer price inflation	144
A.8	Selected economies: real effective exchange rates, broad measurement .	148
A.9	Free market commodity price indices	150
A.10	World oil supply and demand	151
A.11	World trade: Changes in value and volume of exports and imports, by major country group	152
A.12	Balance of payments on current accounts, by country or country group, summary	154
A.13	Net ODA from major sources, by type	155
A.14	Total net ODA flows from OECD Development Assistance Committee countries, by type	156
A.15	Commitments and net flows of financial resources, by selected multilateral institutions	157
