The World Health Organization is organizing a side event to understand delegates' and other participants' views on what a **Decade of Healthy Ageing 2020-2030** should achieve. The event will explore synergies between policy instruments – including the Madrid International Plan of Action on Ageing, the **WHO Global Strategy and Action Plan on Ageing and Health**, and Agenda 2030 – to catalyze meaningful and measurable impact to improve older peoples' lives. Discussion will highlight what actions from 2020 to 2030 can be taken to support Healthy Ageing in countries, at different levels and involving multiple stakeholders.
