United Nations Department for Economic and Social Affairs - Letter of Award

Dear Mr. Sulaiman,

I am pleased to inform you that, following a favourable review of your application, you have been awarded the fellowship requested by your Government.

This fellowship is part of the world-wide technical cooperation programmes established by the United Nations to promote conditions of economic and social development in conformity with the United Nations Charter. The award is made to enable you to go abroad for the purpose of improving your professional ability to discharge the duties and responsibilities which will be entrusted to you when you return to your country. It implies acceptance of the conditions which United Nations fellowship holders are expected to meet, as specified in the attached form, which you should return with your signature.

It should be understood that every effort will be made to arrange this programme in the country indicated, but that this may not always be possible. In any case, the taking up of your fellowship and the duration of training is conditional upon the availability of host facilities. To provide the maximum opportunity for your acquiring the knowledge and skills which you are seeking abroad, the following programme is envisaged:

Field of Study: Survey Sampling

Host Country(ies): USA

Duration of Award: 1 June - 30 July 2001

The negotiation of this programme and the related administrative arrangements are the responsibility of the Training & Fellowships Section, Department for Economic and Social Affairs, United Nations Headquarters, DC1-Room 1212, New York, New York, 10017.

During the tenure of your fellowship, you will be paid specific allowances. These allowances are intended to cover only the normal expenses which you will incur outside your home country and are not a substitute for any salary you may now be earning. Detailed information regarding these allowances will be given to you in the Official Travel and Payment Instruction, which will be sent to you well in advance of your departure. The United Nations will arrange for all travel connected with your fellowship. You should not undertake any such travel until you have received specific instructions from the above-mentioned Office, which should be notified immediately of any circumstances which may affect your availability for study or training abroad.

I am confident that this fellowship will effectively help you to contribute to the development of your country.

Yours sincerely,

Tom Rudi  
Fellowship Officer  
Training & Fellowships Section  
Department for Economic and Social Affairs
