Executive summary:

Please provide an overview of actions taken or planned to implement the System-Wide Action Plan on the Rights of Rights of Indigenous Peoples. This summary will form the basis of the compilation report of UN activities to implement the SWAP and the Declaration. [Word limit: 600]

As requested in the Outcome Document of the World Conference on Indigenous Peoples (A/RES/69/2), a system-wide action plan (SWAP) to ensure a coherent approach to achieving the ends of the UN Declaration on the Rights of Indigenous Peoples was adopted in November 2015 and launched by the Secretary-General at the UN Permanent Forum in May 2016.

In August 2020, the United Nations Executive Committee agreed on the need for accelerated and collective action to strengthen the implementation of UN System Wide Action Plan (SWAP) on indigenous peoples. In November 2020, the United Nations Chief Executives Board for Coordination issued a Call to Action: Building an Inclusive, Sustainable and Resilient Future with Indigenous Peoples, to ensure collaborative and coherent UN system action to support the rights and well-being of indigenous peoples with focus on furthering the implementation of the SWAP.

The Permanent Forum will follow up on progress made in the implementation of the system-wide action plan during its 2021 session. For ease of reference, the questions have been framed under the six key elements of the SWAP-Indigenous Peoples as follows:

In June 2020 the SRSG VAC had a meeting with the Forum to strengthen cooperation and develop joint action. A follow up meeting on the working level was held in September 2020 where the possibility of developing a joint global report on the situation on violence against indigenous children was discussed.

2. Supporting the implementation of the UN Declaration, particularly at the country level

The role of the new Resident Coordinators and UN Country Team framework is an integral component of the UN’s commitment to support the rights of those at risk of being left behind, including indigenous peoples.

Advocacy for accelerating implementation of Agenda 2030 and towards reaching the SDG targets on violence against children and its drivers, is a key strategic priority of the SRSV VAC

Considering VNRs as a strategic entry point with MS . OSRSV-VAC developed a simple guidance tool , [1.png \(un.org\)](#), for MS to highlight promising practices in ending VAC in their VNRs that have been shared with all MS as well as with all UN regional commissions, UN Regional and Country teams, in early 2020 . OSRSV-VAC reviewed all 2020 VNRs [vnr_brief.pdf \(un.org\)](#) to extract promising practices and developed a short publication shared with all MS in November 2020. During the HLPF 2020, OSRSV-VAC organised in cooperation with UNICEF and UN DESA, a VNR lab on developing a child-sensitive and child-inclusive VNR to equip Member States and partners with tools to bring child rights, data and voices of children, including indigenous children, into VNRs.

the COVID-19. The initiative was launched with a survey where children across the world was invited to share their experience during the pandemic. 26,000 children responded to the survey and 1 in 5 said they belonged to a minority ethnic community. Access to water was particularly highlighted by this group of children and 8 % of these children said that they had less access to drinking water than before the pandemic.

The SRSG VAC is constantly calling on all governments to :

- ensure in the recovery from the pandemic that child protection is recognized as a life-saving and essential service - along with health, early childhood development, mental health, education and justice;
- invest in all children without discrimination (including indigenous children) by ensuring all have access to sustainably financed social protection systems linked to properly resourced child protection services ;
