

STATEMENT BY EGYPT AFTER THE ADOPTION OF THE CPD RESOLUTION  
ON FERTILITY, REPRODUCTIVE HEALTH AND DEVELOPMENT

Thank you Mr. Chair.

In fact, it's Egypt representing the Arab Group which is 22 countries.

The Group would like to congratulate the facilitator and all colleagues in the room for the efforts conducted to reach a consensus.

The Arab Group while it is satisfied with the package proposed by the facilitator, would like to affirm that the Group does not support human sexuality education unless it is under parental guidelines and with the responsibilities of parents and the legal guardians.

Once again, the Group would like to congratulate again the facilitator for the good job.
