

Human mobility between
the Cairo Programme of
Action and The Global
Compact for Migration: Did
we Miss the Point?

Migration and Population Change

Migration in the ICPD and SDGs

- Migration in the ICPD
 - Sections IX: Population Distribution, Urbanization, and Internal Migration)
 - Section X: International Migration
- Migration in the SDGs
 - Target 10.7 facilitate orderly, safe, and responsible migration and mobility of people, including through implementation of planned and well-managed migration policies
- The Global Compact for Migration (GCM)
 - Almost all the 23 objectives of the GCM are stated in the ICPD PoA under Section X.

ICPD and the SDGs

Without
fulfilling **ICPD**
we cannot
achieve the
SDGs

What's missing in all of these instruments?

- Nothing is wrong with the instruments, but the international regime.
- The sharp divide between sending and receiving countries' policies makes it difficult to practically adopt such international instruments.

What's next?

- The demographic surplus and the demographic deficit will govern migration streams.
 - Accepting more regular migrants
 - Regularizing the irregulars
 - Head hunting
 - More outsourcing of jobs
 - and more ...

Thank you
