Capacity building

Workshop on strengthening the collection and use of international migration data for development, 18-21 November 2014

- 13 sub-Saharan African countries and a number of international/regional organizations
 - Collaboration of Population Division and the Statistics Division
 - Inviting both policy-makers and statisticians to the workshop
 - Topics covered: policy interest and data needs; how to use various sources to collect data on international migration
 - Potential: data are collected but under-utilised
