Older Persons & 2030 Agenda for Sustainable Development

An age-inclusive agenda for sustainable development!

1. Eradicate extreme poverty for people of all ages, everywhere.
2. End all forms of malnutrition and address the nutritional needs of people of all ages, including older persons.
3. Ensure healthy lives and promote well-being for all at all ages.
4. End all forms of discrimination and violence against older women.
5. Ensure inclusive and equitable quality education and lifelong learning opportunities for all, including older persons.
6. Achieve access to adequate and equitable sanitation and hygiene for all, including older persons.
7. Remove barriers for the full participation of older persons in employment and ensure equitable and inclusive economic growth for all.
8. Promote peaceful and age-inclusive societies and provide access to justice for older persons.
9. Promote effective climate change-related planning and management, recognizing the role and vulnerability of older persons.
11. Empower and promote the social, economic and political inclusion of all, irrespective of age.
12. Increase the availability of high-quality, timely and reliable data disaggregated by age and strengthen the participation of older persons in partnerships for sustainable development.
13. Promote effective climate change-related planning and management, recognizing the role and vulnerability of older persons.
14. Achieve access to adequate and equitable sanitation and hygiene for all, including older persons.
15. End all forms of discrimination and violence against older women.
16. Ensure healthy lives and promote well-being for all at all ages.
17. Eradicate extreme poverty for people of all ages, everywhere.
