Persons with Disabilities & 2030 Agenda for Sustainable Development

Persons with Disabilities should be considered in most SDGs!

1. End poverty in all its forms everywhere for all, including persons with disabilities
2. End hunger and ensure access by all, in particular people in vulnerable situations, to safe, nutritious and sufficient food
3. Ensure healthy lives and promote well-being for all at all ages
4. Achieve gender equality and empower all women and girls, including women and girls with disabilities
5. Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all, including persons with disabilities
6. Ensure availability and sustainable management of water and sanitation for all, paying special attention to those in vulnerable situations
7. Achieve gender equality and empower all women and girls, including women and girls with disabilities
8. Achieve full and productive employment and decent work for all women and men, including persons with disabilities
9. Make cities and human settlements inclusive, safe, resilient and sustainable giving special attention to the needs of persons with disabilities
10. Empower and promote the social, economic and political inclusion of all, irrespective of age, sex, disability, etc.
11. Ensure healthy lives and promote well-being for all at all ages
12. Achieve full and productive employment and decent work for all women and men, including persons with disabilities
13. Make cities and human settlements inclusive, safe, resilient and sustainable giving special attention to the needs of persons with disabilities
14. Achieve gender equality and empower all women and girls, including women and girls with disabilities
15. Ensure availability and sustainable management of water and sanitation for all, paying special attention to those in vulnerable situations
16. Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels
17. Enhance capacity-building support to developing countries, to increase the availability of high-quality, timely and reliable data disaggregated by gender, income race, disability, etc.
