Official United Nations documents of the Congress will be made available in the six official languages of the Congress. The Brazilian National Organizing Committee for the Congress has arranged for interpretation from and into English and Portuguese for all plenary, committee I and II meetings and for press briefings.

Each seat in the Congress halls at the Bahia Convention Centre in which simultaneous interpretation is available will be provided with a portable receiving set and a headphone. Participants are requested not to remove these from the meeting rooms so that the equipment may be checked and, if necessary, batteries may be recharged before the next meeting takes place.

As part of the secretariat's efforts to reduce expenditure and limit environmental impact through the

digitization of conference materials and publications, pre-session documents will be available at the Congress venue in limited number. Each delegation will receive a single, complete set of the documents in the language of its choice. Delegates are therefore kindly requested to bring their own copies of the pre-session documents to the Congress.

Memory sticks containing pre-session documentation and publications related to the Congress will be distributed to participants at the Congress registration area. Participants will receive only one memory stick at the time of picking up their Congress badge.

The main documents distribution counter will be located in Pavilion A of the Bahia Convention Centre. Each delegation will be assigned an individual pigeonhole at the documents distribution counter, in which all documents issued during the Congress will be placed. To determine exact requirements for in-session documents, each delegation is requested to advise the documents distribution counter of its requirements, specifying the number of copies of each document needed and the language (or languages) in which it wishes to receive them during the Congress. The quantity requested should be sufficient to cover all requirements, as it will not be possible to request additional copies.

National statements and/or position papers prepared by participating States will be distributed at the Congress in the languages and quantities provided by the Governments.

Information and media

Regular United Nations media facilities will be available at the Twelfth Congress, including a press centre and a press briefing room. Interpretation from and into English and Portuguese will also be available for press briefing rooms.
