Preface	III
Foreword	V
Explanatory notes	XV

PART ONE. STATE OF THE WORLD ECONOMY

Chapter	Page
I. THE WORLD ECONOMY IN 2003	3
Delayed recovery	4
A lacklustre international economic environment	7
Policy responses to slow growth	9
Regional performance and prospects	10
Developed countries: recovery derailed	10
Economies in transition: limited deceleration	12
Developing countries: continuing underachievement	12
Short-term uncertainties and risks	14
Delivering on the new development commitment	17
Securing progress on the trade agenda	18
Addressing external debt	19
Reviving concessional financial flows	20
II. INTERNATIONAL TRADE AND FINANCE	23
International trade	24
Commodity prices and markets	29
World oil market: recent developments and prospects	29
Non-fuel commodities: excess supplies and weak demand	32
Trade policy developments	37
Financial flows to developing countries and economies in transition	41
Private capital flows	42
Official flows	45
Continuing reform of the international financial architecture	50
Crisis prevention activities	50
Approaches to crisis resolution	57
III. THE CURRENT SITUATION IN THE WORLD'S ECONOMIES	63
Developed economies	64
North America: recovery under way	64
Developed Asia and the Pacific: subdued growth in Japan and vigour elsewhere	70
Western Europe: upturn faces negative headwinds	72

Chapter	Page
Economies in transition	76
Central and Eastern Europe: withstanding the global slowdown	76
The Baltic countries: the world's fastest growing region	81
Commonwealth of Independent States (CIS): sustaining robust growth	82
Developing economies	87
Africa: the challenge of poverty reduction	87
East Asia: dealing with shocks	93
South Asia: moving towards a more balanced growth	97
Western Asia: caught between war and volatile oil prices	98
Latin America and the Caribbean: slowly emerging from recession	101

PART TWO. ECONOMIC POLICY AND POVERTY

OVERVIEW	111
IV. GROWTH AND POVERTY: A FRAMEWORK FOR EVALUATING POLICY	117
Relationships between development, policy and poverty	120
Average relationships between growth and poverty	123
General relationship between growth and poverty in the long run	124
Looking behind the regional average	135
Deviation from averages	135
Mobility in and out of poverty	136
Evolution of poverty in the short run	138
Concluding remarks	141
V. MACROECONOMIC POLICY AND POVERTY	143
Monetary policy and poverty	144
Fiscal policy and poverty	145
Macroeconomic policy in times of crisis	148
Macroeconomic policy responses to crises in East Asia and Latin America	149
Comparing policy responses	151
Poverty after the crises	152
Direct measures to address urban poverty	154
Policy implications and recommendations	159
VI. TRADE POLICIES, GROWTH AND POVERTY	163
Trade and the economy	164
Trade and growth	167
Liberalization and growth in theory and practice	167
Caveats concerning the trade-poverty link	169
Assessing the evidence	170

Chapter	Page
Adjustment	171
The channels for assuring the welfare of the poor	172
Prices and availability of goods and services	172
Labour markets	174
Investment and innovation: capital inflows and direct foreign investment	176
Government revenue	177
The distribution of income	179
The role of the international community	180
Conclusions	185
VII. MARKET-BASED APPROACHES TO RURAL DEVELOPMENT IN SUB-SAHARAN AFRICA	187
Rural development and poverty reduction in sub-Saharan Africa	188
The need for greater emphasis on rural poverty reduction	188
Focusing on sub-Saharan Africa	189
Food marketing reform in sub-Saharan Africa	192
The role of food markets in rural poverty alleviation	192
Food marketing reform in selected African countries	194
An assessment of food marketing reform in Africa	201
A market-based approach to land reform	205
The central role of land reform in rural poverty alleviation	205
The case for market-based land reform	207
Market-based land reform in South Africa	210
An assessment of market-based land reform	215
Concluding remarks	216
VIII. TRANSITION ECONOMIES AND POVERTY	219
The macroeconomic background	223
The transformational recession	223
Inflation	224
Private sector investment	225
Income distribution	225
Fiscal policy	226
Trade and foreign exchange policy	227
Transient versus chronic poverty	229
The emergence of chronic poverty	229
Sectoral and geographical differentiation of incomes	231
Conflicts and poverty	234
Ethnic-specific poverty	234
Household characteristics and poverty	235

Chapter	Page
Employment, unemployment and poverty	236
Unemployment benefits and the minimum wage	238
Coping with poverty: the government's response	240
Pensions reform	240
Targeted social protection	242
Untargeted subsidies	243
Public spending on education and health	244
Coping with poverty: the private response	247
Self-employment and the growth of the informal economy	247
Cultivation of family plots and de-urbanization	248
Migration and emigration	249
The role of intra-family transfers	249
Conclusions	250

ANNEX

STATISTICAL TABLES	253
--------------------------	-----

BOXES

I.1. Economic implications of the depreciation of the United States dollar	15
III.1. CIS-7 Initiative to Promote Poverty Reduction, Growth and Debt Sustainability in the Low-income Countries of the Commonwealth of Independent States	84
III.2. Elections and economic stability in Africa	89
III.3. Ecuador and El Salvador: a tale of two dollarizations	103
IV.1. Equality, growth and poverty: are there trade-offs?	126
IV.2. Drawing the poverty line	130
IV.3. Growth and relative poverty	132
V.1. Participation of civil society in strengthening poverty reduction strategies	147
VI.1. Beyond agriculture: furniture manufacturing in Ghana	182
VI.2. Beyond agriculture: clothing and textile manufacturing in Lesotho	183
VIII.1. Poverty in Armenia	222
VIII.2. The Russian Federation: land of billionaires?	227
VIII.3. Measurement of poverty in transition economies	230
VIII.4. The Russian defence industry: the case of a shrinking giant	232

FIGURES

II.1. World trade: value of monthly exports, January 2001-February 2003	24
II.2. Selected developed economies: growth of imports of goods and services, seasonally adjusted, first quarter 2001-first quarter 2003	25
II.3. Oil prices, January 2000-April 2003	30
II.4. World oil supply and demand and OPEC production, first quarter 2000-fourth quarter 2003	31
II.5. Non-fuel commodity prices, 1994-2003	33
II.6. Yield spreads on emerging market bonds, 2 January 2002-30 April 2003	43
III.1. Consumer confidence in the major economies, 1998-2003	65
III.2. Industrial production, excluding construction, 1999-2003	66
III.3. Unemployment rates in the EU-15, Japan and the United States, 1999-2003	68
III.4. Euro zone: selected price indices, January 1999-April 2003	73
III.5. Latin America, selected countries: industrial production index, seasonally adjusted, January 2001-February 2003	102
IV.1. Number of people living in extreme poverty in developing countries, by region, 1990 and 1999	118
IV.2. Per capita income and extreme poverty in the 1990s	125
IV.3. Growth and the evolution of extreme poverty, 1990-1999	134
IV.4. Growth and the evolution of nationally defined poverty during the 1980s and 1990s	135
IV.5. Short-term evolution of poverty, first quarter 1996-third quarter 1999, Indonesia	140
VI.1. Relationship between the average annual rates of growth of GDP and trade, 1990-2000	168
VII.1. Share of developing-country regions in world extreme poverty, 1999 and 2015	190
VII.2. Coarse grain output per capita in selected African countries, 1980-1994	203
VII.3. Distribution of land transferred under the South African redistribution programme, by type of use (in projects approved by 1999)	212

TABLES

I.1. Growth of world output and trade, 1994-2004	5
I.2. Indicators of the international economic environment, 1998-2002	7
I.3. Frequency of high and low growth of per capita output, 2000-2002	11
II.1. Net transfer of financial resources to developing economies and economies in transition, 1994-2002	42
II.2. Net financial flows to developing economies and economies in transition, 1992-2002	43
II.3. Official development assistance of member countries of the Development Assistance Committee, 2002	47
III.1. Major industrialized countries: quarterly indicators, 2001-2002	67
III.2. Economies in transition: quarterly indicators, 2001-2002	79
III.3. Major developing countries: quarterly indicators, 2001-2002	94
IV.1. Evolution of standard poverty measures in selected sub-Saharan countries	121
IV.2. Proportion of households in chronic and transitory poverty, various countries	138
V.1. Macroeconomic policy responses to crises in selected countries in Asia and Latin America	149
V.2. Effects of economic crises in selected countries in Asia and Latin America	153

	Page
V.3. Social policy responses to economic crises	155
VI.1. Ratio of trade to gross domestic product in different country groups, 1990 and 2000	165
VII.1. Poverty in South Africa, 1995	210
VII.2. Land distribution in South Africa: sliding scale of grants and personal contributions	214
VIII.1. Absolute poverty rates in transition economies, 1992-1999	221
VIII.2. Gini coefficients in transition economies, 1987-1998	226
VIII.3. Transient and chronic poverty: Hungary, Poland and the Russian Federation, 1994-1996	231
VIII.4. Poverty by ethnicity in Bulgaria	235
VIII.5. Output, unemployment, and real wages in selected transition economies, 1991-2001	237
VIII.6. Public expenditures on pensions, 1994-2000	241
VIII.7. Targeting of cash benefits in transition economies, 1996-1997	243
VIII.8. Public expenditures on education and health as a proportion of GDP, 1990, 1998 and 2000	245
VIII.9. Estimates of the share of GDP produced in the unofficial economy in selected transition countries, 1990 and 1995	248
