Introduction

Introduction

Pursuant to the forty-eighth session of the Commission on Population and Development (CPD) in 2015, the Economic and Social Council (ECOSOC) decided that the Commission shall review the functioning of its methods of work during its forty-ninth session in 2016. The purpose of the review is to enhance the impact of the work of the Commission and its contribution to the Economic and Social Council. The Council therefore requested the Secretariat, in consultation with Member States and UNFPA, to prepare a note for consideration by the Commission at its forty-ninth session (ECOSOC decision 2015/252).

This questionnaire was developed as a means of initiating the consultation with Member States, taking into account the relevant decisions and resolutions by the General Assembly, ECOSOC and the CPD, including the draft outcome document of the United Nations summit on the post-2015 development agenda (see Background Information, next page). Responses to the questionnaire will serve as input to a broader discussion of such issues, including the Secretariat's note, and will thus inform the deliberations of the forty-ninth session. Individual responses will be kept confidential - the final note will present only aggregate results.

Please submit your responses in English, French, or Spanish.

Please submit only one questionnaire per delegation, and please do so no later than **23 October 2015**.

It should be submitted by mail to:
