

Global partnership goal (as proposed by the High Level Panel) 12. Create a Global Enabling Environment & Catalyse Long-Term Finance for Development	
Migration target 12g. “Enhance the benefits of migration for development and promote the human development of migrants.”	Other HLP goals and targets that would be supported by the proposed migration indicators
Potential indicators 1) The average cost of sending remittances declines to less than 5% of the value of global remittance transactions by 2020, extending to all corridors by 2030.	Goal 1: End poverty
2) Across corridors, the recruitment costs paid by low-skilled migrant workers decline.	Goal 1: End poverty
3) (Increase in) the number of countries that systematically monitor the human development outcomes of migrants under key post-2015 goals related to health, education, and productive employment and decent work.	Goal 3: Provide Quality Education and Lifelong Learning Goal 4: Ensure Healthy Lives
4) (Increase in) the number of countries that offer temporary and permanent resettlement options for refugees and people affected by disasters OR the number of refugees/people displaced by disasters that benefit from international resettlement.	Goal 1: End poverty Target 11c: Stem the external stressors that lead to conflict, including those related to organised crime
5) (Increase in) the size of diaspora direct investments in developing countries OR LDCs.	Target 8d: Increase new start-ups by x and value added from new products by y through creating an enabling business environment and boosting entrepreneurship Target 12b: Implement reforms to ensure stability of the global financial system and encourage stable, long-term private foreign investment Target 12f: Promote collaboration on and access to science, technology, innovation, and development data
