Statement by Michele DeKonty
Minister Counselor for United Nations Management and Reform
Main Part of the 75th UN General Assembly
Agenda Item 145: Scale of Assessments
October 5, 2020

[As delivered]

Thank you Mr. Chairman.

I would also like to thank Bernardo Greiver, Chair of the Committee on Contributions for preparation of the Committee's report.

Mr. Chairman, as we have all been doing over the past few months, the Committee on Contributions conducted their meetings and deliberations virtually this year and I would like to commend the Committee for their diligence and efficiency in carrying out their work in a very short time.

I would also note that the Committee has once again expressed its interest in providing the General Assembly its advice on the peacekeeping scale of assessments. My delegation continues to believe that the Committee can provide a useful perspective on the peacekeeping scales methodology, allowing the General Assembly to make better informed decisions. We look forward to working with delegations to find a way to incorporate the Committee's feedback on the peacekeeping scale of assessments into our deliberations.

Thank you Mr. Chairman.
