How to be included in the email distribution list of coordinators

Step 1. Individual users must ensure they are **subscribed** through **Fifth Committee Place**

- Previous UNGA80 subscriptions remain valid: no additional action is required
- Subscribing (done by individual user) is a separate process from being added to the e-List of Participants.

Step 2. e-deleGATE profile must be set to allow contact sharing: Ensure that "Do not share my information" is left unchecked (see screencap).

Please note:

- The distribution list is compiled by DGACM from the list of subscribers and shared with coordinators by the Fifth Committee Secretariat.
- Lists will be extracted every two weeks, beginning on **5 October**. Any updates, including additions or removals, will be shared with coordinators.
- Delegates may also contact coordinators directly and request to be added to an individual distribution list. Coordinators' contact details are available on Fifth Committee Place.

The Fifth Committee uses the [e-Submit module](#) on e-deleGATE to transmit questions requiring a written response to coordinators and substantive offices.
