WEBINAR Fostering Prevention through Sports

Leading up to the event that will mark, on 9 December, the 74th anniversary of the 1948 Convention on the Prevention and Punishment of the Crime of Genocide and the International Day of Commemoration and Dignity of the Victims of the Crime of Genocide and of the Prevention of this Crime.

This year, the International Day of Commemoration and Dignity of the Victims of the Crime of Genocide and the Prevention of this Crime will commemorate the role of sports in promoting peace and inclusion and highlighting ways to champion the prevention of atrocity crimes through community engagement and outreach. In order to build the ground for the upcoming discussions on 9 December, this webinar will explore how sports can contribute to inclusive and peaceful communities, promote a culture of respect for diversity, and strengthen the resilience of individuals and communities against atrocities. It will also discuss the role of sports in raising awareness on early warnings and risk factors of war crimes, crimes against humanity and genocide, and in identifying and combating hate speech.
