

The Permanent Mission of the Federal Republic of Germany to the United Nations presents its compliments to the Chair of the Security Council Committee established pursuant to resolution 1540 (2004) and, with reference to the notes SCA/5/20(03), dated 2 March 2020, and SCA/5/19 (01), dated 18 March 2019, and to Security Council resolutions 1540 (2004), 1673 (2006), 1810 (2008), 1977 (2011), 2055 (2012) and 2325 (2016), has the honor to provide information on national implementation.

Since the last submission, Germany deposited the 2005 Protocol to the Convention for the Suppression of Unlawful Acts against the Safety of Maritime Navigation, the 2005 Protocol to the Convention for the Suppression of Unlawful Acts against the Safety of Fixed Platforms Located on the Continental Shelf as well as the 2010 Convention on the Suppression of Unlawful Acts Relating to International Civil Aviation.

The Radiation Protection Ordinance was revised in 2018, based on EU Commission Regulation (Euratom) No. 2013/59. All changes are reflected in the attached German Matrix, which constitutes Germany's revised national implementation report. Noted in the matrix are, among other things, also relevant changes in EU legislation, such as the Council Regulation (EU) No. 952/2013 (Union Customs Code) and the Directive (EU) 2015/849 of the European Parliament and of the Council of 20 May 2015 on the Prevention of the Use of the Financial System for the Purposes of Money Laundering or Terrorist Financing and the German Transposition Acts hereto of 24 June 2017 and 12 December 2019, official gazette No 39/2017, page 1822 and No 50/2019, page 2602.

Additionally, in regard to request S/AC.44/2019/OC.181 dated 5 July 2019, the Permanent Mission of the Federal Republic of Germany to the United Nations would like to provide the following updated points of contact information for national implementation and assistance:

Ms. Xenia Jakob (Permanent Mission of the Federal Republic of Germany to the United Nations), Tel: (212) 940-0429, Email: pol-2-1-vn@newy.auswaertiges-amt.de

Mr. Alexander Kamprad (Federal Foreign Office Berlin, OR09), Tel: +49 (30) 1817-2797, Email: or09-1@auswaertiges-amt.de

The Permanent Mission of the Federal Republic of Germany to the United Nations avails itself of this opportunity to renew to the Chair of the Security Council Committee established pursuant to resolution 1540 (2004) the assurances of its highest consideration.

New York, March 20, 2020

H.E. Dian Triansyah Djani
Chair of the Security Council Committee established pursuant to the resolution 1540 (2004)
New York

DRAFT 1540 COMMITTEE MATRIX

The information in the matrices originates primarily from national reports and is complemented by official government information, including that made available to inter-governmental organizations. The matrices are prepared under the direction of the 1540 Committee.

The 1540 Committee intends to use the matrices as a reference tool for facilitating technical assistance and to enable the Committee to continue to enhance its dialogue with States on their implementation of Security Council Resolution 1540.

The matrices are not a tool for measuring compliance of States in their non-proliferation obligations but for facilitating the implementation of Security Council Resolutions 1540 (2004), 1673 (2006), 1810 (2008), 1977 (2011), 2055 (2012) and 2325 (2016). They do not reflect or prejudice any ongoing discussions outside of the Committee, in the Security Council or any of its organs, of a State's compliance with its non-proliferation or any other obligations. Information on voluntary commitments is for reporting purpose only and does not constitute in any way a legal obligation arising from resolution 1540 or its successive resolutions.

Matrix entries are only indicators of fact and not indicators of the degree of compliance under resolution 1540 (2004) and its successor resolutions. Thus:

An “X” in any data field signifies only that the 1540 Committee considers that a State has taken the steps required, and/or has provided specific references to the applicable legal basis or executive behaviour as evidence of such steps. An “X” against any data field does not necessarily signify that a State has met in full its 1540 obligations for that data field.

A “?” in any data field signifies that the references to legislative or other measures may not be directly relevant or are incomplete.

A “NA” (Not Applicable) in any data field signifies that the data field is not applicable to that State where through legally binding instruments States specified that they do not possess related materials or facilities.

A blank in any data field signifies that there is insufficient information available to enter an “X” or “?” against a particular data field.

State: **Federal Republic of Germany**

Date of Report: **26 October 2004**

Dates of Additional Reports: **12 October 2005**

26 May 2010

8 July 2013

Last Revised: **[Date of publication of final approved matrix on the Committee website]**

I. OP 1 and related matters from OP 5, OP 8 (a), (b), (c) and OP10

Adherence to legally binding instruments, membership of organisations, participation in arrangements and statements made.		Relevant information (i.e. signing, deposit of instrument of accession, ratification, etc)	Remarks (information refers to the page of the English version of the national report or an official web site)

VIII. OP 7 and 8 (d) - Assistance, Work with and inform Industry and Public, and other Information

1	Assistance offered	<p>The German government offers legal and implementation assistance to all regions on the following subjects: WMD Disarmament, Export Controls, Chemical, Physical Protection. Types of assistance offered: expertise and financial</p> <p>The Federal Government supports bilaterally through its implementing agencies (Federal Office of Economics and Export Control (BAFA), Customs Authority) the establishment and further development of national export control system in several European and non-European states. This support shall be maintained and partly expanded.</p> <p>Furthermore, Germany has extended assistance in the field of national implementation of the CWC obligations to several countries. Finally, on the occasion of the meeting of state parties to the BTWC Germany also offered to several countries to assist in implementing prohibition and export control obligations pursuant to BTWC.</p> <p>In addition, Germany has been advising and supporting nations in designing and improving their national systems for physical protection of CBRN materials on a bilateral basis, through direct technical assistance, expert services and training courses in various countries. This support is foreseen to continue.</p>
2	Assistance Point of Contact (for assistance providers only)	Permanent Mission of the Federal Republic of Germany to the United Nations and Federal Foreign Office Berlin
3	Assistance requested	
4	Action taken to work with and inform industry	On a national level Germany holds regular information days and expert discussions with the economic sector, including academia. The comprehensive BAFA website www.bafa.de provides legal and technical information as well as points of contact. On global and regional level and with regard to resolution 1540 (2004) in 2012 Germany initiated the 1540 Wiesbaden process, which facilitates industry-government dialogue through conferences on export control issues
5	Action taken to work with and inform the public	The Federal Ministries and BAFA have published pamphlets and information sheets to be read and downloaded from respective websites (from legal texts to explanation of administrative practice).
