

APPROVED 1540 COMMITTEE MATRIX

The information in the matrices originates primarily from national reports and is complemented by official government information, including that made available to inter-governmental organizations. The matrices are prepared under the direction of the 1540 Committee.

The 1540 Committee intends to use the matrices as a reference tool for facilitating technical assistance and to enable the Committee to continue to enhance its dialogue with States on their implementation of Security Council Resolution 1540.

The matrices are not a tool for measuring compliance of States in their non-proliferation obligations but for facilitating the implementation of Security Council Resolutions 1540 (2004), 1673 (2006), 1810 (2008), 1977 (2011), 2055 (2012) and 2325 (2016). They do not reflect or prejudice any ongoing discussions outside of the Committee, in the Security Council or any of its organs, of a State's compliance with its non-proliferation or any other obligations. Information on voluntary commitments is for reporting purpose only and does not constitute in any way a legal obligation arising from resolution 1540 or its successive resolutions.

Matrix entries are only indicators of fact and not indicators of the degree of compliance under resolution 1540 (2004) and its successor resolutions. Thus:

An “X” in any data field signifies only that the 1540 Committee considers that a State has taken the steps required, and/or has provided specific references to the applicable legal basis or executive behaviour as evidence of such steps. An “X” against any data field does not necessarily signify that a State has met in full its 1540 obligations for that data field.

A “?” in any data field signifies that the references to legislative or other measures may not be directly relevant or are incomplete.

A “NA” (Not Applicable) in any data field signifies that the data field is not applicable to that State where through legally binding instruments States specified that they do not possess related materials or facilities.

A blank in any data field signifies that there is insufficient information available to enter an “X” or “?” against a particular data field.

State:	Islamic Republic of Pakistan
Date of Report:	27 October 2004
Dates of Additional Reports:	19 September 2005
	3 June 2008
	9 September 2009 (National Submission)
	12 May 2017
	30 April 2020
Date of Approval:	24 December 2020

I. OP 1 and related matters from OP 5, OP 8 (a), (b), (c) and OP10

Adherence to legally binding instruments, membership of organisations, participation in arrangements and statements made.		Relevant information (i.e., signing, deposit of instrument of accession, ratification, etc)	Remarks (information refers to the page of the English version of the national report or an official web site)
1	Nuclear Non-Proliferation Treaty (NPT)

VIII. OP 7 and 8 (d) - Assistance, Work with and inform Industry and Public, and other Information

1	Assistance offered	<p>Over the years, Pakistan has acquired considerable experience as well as expertise in the safe and secure utilization of nuclear energy as well as in the application of chemistry and biology for peaceful purposes.</p> <p>Pakistan stands ready to offer its assistance, including in form of trainings, to interested States and in response to specific requests in those areas where it has gained expertise including those relating to the implementation of resolution 1540.</p> <p>These areas include:</p> <p>Strategic Export Controls</p> <ul style="list-style-type: none"> • Establishment of legal and regulatory framework on export controls • Training of enforcement officials in Commodity Identification of dual-use items • Industry Outreach and Public awareness raising • Internal Compliance/ Self-regulation • Training for Licensing Officers • Outreach to academia and research institutions and setting up a compliance mechanism <p>Nuclear Security trainings/assistance</p> <ul style="list-style-type: none"> • Introduction to evaluation of physical protection system effectiveness • Implementation of nuclear security recommendations on physical protection of nuclear material and facilities • Security of radioactive sources • Threat assessment and risk-informed approach for nuclear and other radioactive materials out of regulatory control • Threat assessment and design basis threat <p>CWC related trainings/assistance</p> <ul style="list-style-type: none"> • Assistance in establishment of a National Authority on CWC, including drafting of CWC-related legislation, advanced trainings to first responders/law enforcement agencies • Industry outreach and awareness raising to public/academia
2	Assistance Point of Contact (for assistance providers only)	<p>Director General (Arms Control and Disarmament) Ministry of Foreign Affairs Tel: +92-51-9208792 Email: dg.disarmntp@mofa.gov.pk</p>
3	Assistance requested	
4	Action taken to work with and inform industry	<p>Government maintains a close working relationship with industry, particularly with chemical industry and with chambers of commerce. A secure communication network called the Wide Area Network (WAN) that gathers various CWC-related declarations and data from the industry and all other stakeholders.</p>

		<p>(For effective implementation of the Security Council resolutions, an inter-ministerial committee for Coordination, Review and Monitoring Committee (CRMC) has been set up and notified vide S.R.O 1067 (I)/2018 dated 28 August 2018. The committee regularly briefs the regulators on the importance of outreach.)</p> <p>The SECDIV undertakes periodic targeted outreach to academia, research institutions, the business community and the general public to raise awareness and enhance implementation of national export control laws. The Division also conducts seminars, in collaboration with the Higher Education Commission, exclusively for academia and researchers. In this regard discussions and presentations have been regularly arranged involving Chamber of Commerce and Industry, researchers/ academia, trade associations and enforcement agencies.</p> <p>The SECDIV has launched an exclusive website (www.secdiv.gov.pk) for timely dissemination of information and raising the awareness on related aspects of strategic export controls and relevant UNSC resolutions on non-proliferation of WMDs. To further facilitate the exporters, the SECDIV has launched Goods Enquiry Tool (GET) on its website, whereby any exporter can easily ascertain if the goods are subject to an export license.</p>
5	Action taken to work with and inform the public	<p>PNRA keeps the public informed about its activities and about any event at nuclear installations and radiation facilities. The Strategic Export Control Division undertakes periodic targeted outreach to academia, research institutions, the business community and the general public to raise awareness and enhance implementation of national export control laws. The Division also conducts seminars exclusively for academia and researchers.</p> <p>Annual Outreach Plan-2020 has been formulated for awareness raising of the industry, businesses, research/academic institutions and other relevant stakeholders. Sessions on UNSCRs implementation are built into training modules of the annual outreach plan. To facilitate better understanding, interpretation and implementation of UNSCRs, a comprehensive guidance document has been developed.</p>
6	Point of Contact	<p>Director General (Arm Control and Disarmament) Ministry of Foreign Affairs Tel: +92-51-9208792 Email: dg.disarmntp@mofa.gov.pk</p> <p>Mr Jehanzeb Khan (First Secretary, Permanent Mission of Pakistan to the United Nations) Tel: 212-879-8600 Fax: 212-744-7348 Email: pakistan@un.int</p>
7	Voluntary National Implementation Action Plan (NAP)	Submitted as a part of its national report dated 30 April 2020.
8	1540 Committee visits to States	Co-hosted, with the 1540 Committee and UNODA, a regional seminar on the implementation of Resolution 1540 in Islamabad during 14 and 15 March 2017.
