Permanent Mission of Panama to the United Nations

MPP NY-4/942/2021

The Permanent Mission of the Republic of Panama to the United Nations presents its compliments to the Chair of the Security Council Committee established pursuant to resolution 1540 (2004) and has the honour to refer to notes MPP NY 4/545/2021 dated 21 June 2021 and MPP NY 4/681/2021 dated 8 July 2021 in which it requested that the Committee reconsider and accept the country's updated 1540 matrix as part of the Committee's review process.

The Permanent Mission of Panama, in view of the importance of this issue and the effort made by the country to compile the information, and having received no reply to its request, hereby asks that the Chair publish the 1540 matrix prepared by Panama for the year 2020 as a national report on the Committee's website.

The Permanent Mission of the Republic of Panama to the United Nations takes this opportunity to convey to the Chair of the Security Council Committee established pursuant to resolution 1540 (2004) the renewed assurances of its highest consideration.

New York, 18 August 2021

H.E. Juan Ramón de la Fuente Ramírez
Chair of the Security Council Committee established pursuant to resolution 1540 (2004)
United Nations
New York

DRAFT 1540 COMMITTEE MATRIX

The information in the matrices originates primarily from national reports and is complemented by official government information, including that made available to inter-governmental organizations. The matrices are prepared under the direction of the 1540 Committee.

The 1540 Committee intends to use the matrices as a reference tool for facilitating technical assistance and to enable the Committee to continue to enhance its dialogue with States on their implementation of Security Council Resolution 1540.

The matrices are not a tool for measuring compliance of States in their non-proliferation obligations but for facilitating the implementation of Security Council Resolutions 1540 (2004), 1673 (2006), 1810 (2008), 1977 (2011), 2055 (2012) and 2325 (2016). They do not reflect or prejudice any ongoing discussions outside of the Committee, in the Security Council or any of its organs, of a State's compliance with its non-proliferation or any other obligations. Information on voluntary commitments is for reporting purpose only and does not constitute in any way a legal obligation arising from resolution 1540 or its successive resolutions.

Matrix entries are only indicators of fact and not indicators of the degree of compliance under resolution 1540 (2004) and its successor resolutions. Thus:

An “X” in any data field signifies only that the 1540 Committee considers that a State has taken the steps required, and/or has provided specific references to the applicable legal basis or executive behaviour as evidence of such steps. An “X” against any data field does not necessarily signify that a State has met in full its 1540 obligations for that data field.

A “?” in any data field signifies that the references to legislative or other measures may not be directly relevant or are incomplete.

A “NA” (Not Applicable) in any data field signifies that the data field is not applicable to that State where through legally binding instruments States specified that they do not possess related materials or facilities.

A blank in any data field signifies that there is insufficient information available to enter an “X” or “?” against a particular data field.

State:	Republic of Panama
Date of Report:	12 July 2005
Dates of Additional Reports:	24 February 2006
	9 September 2013
	19 December 2019

Last Revised:	[Date of publication of final approved Matrix on the Committee website]
