2016/11747103

Excellency,

I have the honour to convey to you, as the Chair of the United Nations Security Council (UNSC) Committee established pursuant to Resolution 1540 (2004), the National Implementation Matrix of Turkey that has been revised and updated by the relevant Turkish authorities.

The attached Matrix contains information pertaining to the legislative, administrative and enforcement measures taken by the relevant Turkish authorities with a view to fully implementing Resolution 1540, regarding prevention of the proliferation of weapons of mass destruction and their delivery means to the non-state actors.

Therefore, I would like to request the approval of this Matrix by the Committee and its Group of Experts as quickly as possible so that it could be published in the Committee's official website by the end of the year 2016.

Please accept, Excellency, the assurances of my highest consideration.

Feridun H. Sinirlioğlu

Permanent Representative

**Chairman of the Security Council Committee**  
**established pursuant to Resolution 1540 (2004)**

## 1540 COMMITTEE MATRIX OF THE REPUBLIC OF TURKEY

The information in the matrices originates primarily from national reports and is complemented by official government information, including that made available to inter-governmental organizations. The matrices are prepared under the direction of the 1540 Committee.

The 1540 Committee intends to use the matrices as a reference tool for facilitating technical assistance and to enable the Committee to continue to enhance its dialogue with States on their implementation of Security Council Resolution 1540.

The matrices are not a tool for measuring compliance of States in their non-proliferation obligations but for facilitating the implementation of Security Council Resolutions 1540 (2004), 1673 (2006), 1810 (2008) and 1977 (2011). They do not reflect or prejudice any ongoing discussions outside of the Committee, in the Security Council or any of its organs, of a State's compliance with its non-proliferation or any other obligations. Information on voluntary commitments is for reporting purpose only and does not constitute in any way a legal obligation arising from resolution 1540 or its successive resolutions.
