

Part II. GUIDELINES FOR REPORTING ON NATIONAL SUSTAINABLE DEVELOPMENT STRATEGIES

Please indicate the stages of NSDS development/implementation in your country, by responding to the questions below:

1. Does your country have a NSDS approved by the government:

2002: Denmark's National Strategy for Sustainable Development, "A shared future - balanced development".

2. How is your NSDS being implemented? Give specific actions/activities undertaken for this purpose:

Implementation is carried out by the relevant ministries in the Government according to targets and measures in the Sustainable Development Strategy

3. Has your NSDS been evaluated and if so, when and how?

The Danish government published in 2003 the first update of Denmark's indicators for sustainable development. The indicators elucidate and illustrate developments in relation to important targets or activities in the National Strategy. The indicators are updated annually. The strategy is to be revised in 2006.

3. Do you have, and if so, what are the other relevant strategies in place supporting the NSDS? Please choose from the following:

Water (name and year of being implemented):

Environmental financing of the water sector and infrastructure (see Annex II)

Sanitation (name and year of being implemented: *do*

Human settlements (name and year of being implemented:

Other strategies:

4. Have multi-stakeholder consultations, training or workshops for NSDS development been undertaken?

If yes please give the nature and type of consultations/training/workshops held:

When developing the Danish NSDS and indicators in 2002 a public consultation was undertaken.

5. Do you have a national coordination body for NSDS development established?

If so, please give the name and nature of such body (eg. composition):

An interagency/Ministerial Working Group

6. Where a NSDS does not exist, do you have other relevant strategies, plans and activities in place? :
(please specify)_____
