

## **Satellite Internet Service Donated to Sambaina, Madagascar**

10 January 2007- Satellite provider *Skylogic*(parent company *Eutelsa*) will donate one year of free, satellite internet connection to Sambaina, Madagascar, to support the Observatory for Cultural and Audiovisual Communication (OCCAM)'s ICT Villages initiative. The internet service will be provided to Sambaina's digital classroom, community computer centre and refurbished health centre for pregnant women, which have all recently been set up with the assistance of OCCAM.
